Appellate

(Continued from Page 1.)

traced as follows in Tuesday's opinion by Judge Dove: The petition for condemnation of the Coolidge school site was filed Aug. 13, 1953, relating that Fehling owned the property until his death and that his will was probated in Madison county.

Lifetime Trust
The 1953 petition said Mrs. Minnie Rode and Fred Lueders, original trustees named by Fehling, are deceased and that Mr. and Mrs. W. J. Steele of Granite City are the current trustees holding the land during her lifetime for the benefit of Mrs. Fehling.

It was alleged in the petition that her son, Harold William Kronsheim, has an interest because the will gave the property to her after her death to "her issue." She is still living and resides with him at 2412 Madison avenue.

The petition named as defendants W. J. and Ivy Steele, the two Kronsheims and other grandchildren of Henry Fehling—Frederick Lester Fehling, Amos H. Rode, Mrs. Esther A. Clemens, Henry E. Lueders, Conrad C. Lueders and Wesley A. Lueders (the latter since deceased). The seven grandchildren were described as having a "contingent remainder" interest.

The late Harry Faulkner, school attorney in 1953, filed an affidavit reciting that Harold Kronsheim "formerly lived and resided with his mother at 2406 Nameoki road, Granite City, Ill., but has long since moved from there and, on due inquiry, cannot be found, and his present place of residence is unknown and, upon diligent inquiry, his place of residence cannot be ascertained."

PUBLICATION SUMMONS

A publication notice was published in the Press-Record Aug. 17, 20, 27 and 31, 1953, Judge Dove said, and a summons directed to the defendants "as issued by the Madison county clerk."

The sheriff's report on Aug. 18, 1953, was: "I have duly served the said summons on the defendants, Harold William Kronsheim, on Aug. 17, 1953, by leaving a copy of said summons on said date at his usual place of abode with Frieda M. Kronsheim, a person of the family of said Harold W. Kronsheim, of the age of ten years or upwards, and by informing such person with whom said summons was left, of the contents thereof, and by also sending a copy of said summons on Aug. 18, 1953, in a sealed envelope with postage fully prepaid, addressed to said defendant Harold William Kronsheim, 2406 Nameoki road, at his usual place of abode."

On Sept. 23, 1953, J. C. Steele, as attorney for W. J. and Ivy Steele and Frieda and Harold Kronsheim, "filed an instrument designated as an answer in said condemnation proceeding." The two Steeles are brothers.

"This answer, although in this proceeding, admitting most of the allegations of the petition and concluded by averring that as trustees under the will of Henry Fehling these defendants have no right to enter into any agreement for the sale of the premises sought to be condemned."

\$38,000 COMPENSATION

On Nov. 2, 1953, a county court order was issued, finding among other things that it has jurisdiction of all the parties and subject matter, that the site was not in excess of what actually needed for school purposes, and that the school authorities had complied with all applicable laws and that they had "made the required preliminary inquiry."

ing petitioners to a judgment for the condemnation."

The following day, a jury found the tract contained 35.16 acres and fixed the amount of compensation to be paid the owners at \$38,853.

Judgment on the verdict was rendered Nov. 23, 1953, directing payment within 30 days to the W. J. Steeles as trustees under the will, after which payment to the schools had "the right to enter upon the described premises."

On Dec. 23, 1953, payment was made to the trust.

Answer Unauthorized
Kronsheim's motion to vacate the judgment was filed Nov. 10, 1950. It cited the will and averred that he was the owner of the land held in trust for his mother during her lifetime. He alleged that there had been no service on him in the condemnation, either personal or by publication, and that the attorney filing an answer for him had no authority to do so.

School authorities replied with a motion denying that he was not duly represented by J. C. Steele and denying that he was not served with notice by publication.

Judge Dove noted that in the trial court hearing, Kronsheim testified that at the time his father, John Kronsheim, died in October 1951, Harold Kronsheim was married and lived in St. Louis; that he was subsequently divorced and, in the fall of 1952, went to Chicago, where he was employed in a restaurant and remained until the summer of 1957; and that he resided at 2406 Nameoki road, Granite City, Ill., in October 1957.

He also said at the trial that he never resided at 2406 Nameoki road, never knew his mother lived there, heard nothing of the condemnation prior to the fall of 1957, knew but did not employ J. C. Steele, had not authorized the lawyer to file an answer for him and also never authorized him to represent him.

Further testimony was that he did not learn that an answer had been filed on his behalf until he discussed the condemnation with another attorney Oct. 13, 1950.

Only other witness testifying was J. C. Steele, who said he filed an answer on behalf of the two Kronsheims and his brother and sister-in-law, the trustees, but that Harold Kronsheim had not employed him to do so. He related that he had not seen Kronsheim since the fall of 1951, but knew that he had left the area.

Attorney Steele explained his action by saying he knew of affidavits by Faulkner "claiming they hadn't gotten service, and his mother asked me to file this (answer) on behalf of Harold, and that is why I did so."

Claims of School System
Dove said the school district insists that the will vested title to the property in J. and Ivy Steele; that they were made parties and the court acquired jurisdiction over the trustees, who represented all the heirs mentioned in the will; that Harold Kronsheim had only a contingent interest in the property, and that he is barred from obtaining any relief because of undue delay in acting.

Opposing these arguments were the contentions that the court never acquired jurisdiction of Kronsheim, and that he had a vested remainder interest in the land, subject only to the life estate of the trustees, with the right to possession at the time of his mother's death.

The former appellate judge points out that in exercising the right of eminent domain to take property, a governmental agency is required at its peril to learn and name the true owner of the land sought, and that the person so named as owner is not required to prove title.

Statements in a condemnation petition on the nature or extent of the estate or title of the defendants are not binding on them but are binding on the agency.

Duties of Trustees
He adds that the trustees' only duties are to rent the property, collect the income from it, keep the property in repair, pay taxes and distribute annually the net proceeds to Mrs. Kronsheim. Upon her death, their duties will end, since they have only a life estate, Dove says. The 1953 condemnation did not say Kronsheim was the owner but conceded that Fehling was owner when he died, Judge Dove says the W. J. Steeles are fully qualified to hold the premises for the benefit of Mrs. Kronsheim during her lifetime, but that Kronsheim is an indispensable party in the case because he is her son and has a vested interest.

This week's opinion is that a section of the will, "upon death of my said daughter, do not refer to the time when the property is to be vested but rather to the time the 'vested remainderman' is to fall into its possession."

The will itself vested the interest as soon as Kronsheim was born, although this interest would have had to be ascertained if further children had been born, it is ruled. Thus, Kronsheim is to now have a vested remainder interest, with possession postponed because of the life estate.

"There is no merit" in the suggestion that the trustees represented all the heirs mentioned in the will, Judge Dove says, concluding also that there was no valid notification and that the unauthorized answer did not give the court jurisdiction over Kronsheim.

Eight Words Missing
The plaintiff—"due inquiry (defendant) cannot be

Granite City PRESS-RECORD

Thurs., Dec. 17, 1964 Page 3

found and his present place of residence is unknown and . . . cannot be ascertained"—is ruled insufficient because it failed to contain eight required words: "that the person named cannot be served upon him."

The lack is said to make the affidavit "fatally defective," and the publication based upon it "void."

Without the specified words, the affidavit fails to show inability to personally serve the defendant, the ruling relates.

For a non-resident of Illinois, it is unnecessary to say that he cannot be served with process, since the part of the law requiring the phrase relates only to "one who is concealed within the state or on due inquiry cannot be found." But with Kronsheim in Chicago at the time, the omission is ruled unacceptable.

Latency of the claim is declared to not apply to a void judgment or failure to acquire jurisdiction; "it may be impeached at any time."

It is further contended that his motion to vacate the judgment was filed within ample time, 28 days, after learning of the death of his daughter, do not refer to the time when the property is to be vested but rather to the time the "vested remainderman" is to fall into its possession.

The will itself vested the interest as soon as Kronsheim was born, although this interest would have had to be ascertained if further children had been born, it is ruled. Thus, Kronsheim is to now have a vested remainder interest, with possession postponed because of the life estate.

New Tax Law Gives Break To Low-Income Taxpayers

About 15 million low-income taxpayers will have no tax to pay next year because of the new minimum standard deduction provision enacted this year.

Jay G. Philpott, District Director of Internal Revenue, said this provision will free single individuals of any tax liability until their income reaches \$600. Under the old law, tax was due when income was \$673.

Philpott said that for a married couple with no additional exemptions filing a joint return, there will be no tax to pay until their income reaches \$1000. Previously these couples had to pay tax on income of \$1325.

The new minimum standard deduction amounts to \$200 for a single person and for a married couple filing jointly plus \$100 for each allowable exemption up to a ceiling of \$1000. For a married person filing a separate return, the deduction amounts to \$100 plus \$100 for each allowable exemption up to a ceiling of \$500.

"Taxpayers who do not itemize deductions must use this minimum deduction if it exceeds the 10% standard deduction."

"Tax savings of this new provision are expected to amount to about \$320 million. Approximately 13 million taxpayers who earn less than \$1000 a year will benefit."

Hot Fourth Quarter Topples Dupo 79-74; Triad Next Opponent

There's a song about Old 97, a railroad locomotive running behind schedule. The engineer figures a good run down the grade of White Oak Mountain will make up the time. It doesn't for alphas. Old 97 jumps the track and crashes.

For the Madison high school basketball team, the fourth quarter is the grade of White Oak—the Trojans use those eight minutes to make a mad dash. Sometimes the dash ends in a crash and sometimes it results in victory.

The latter was the case Tuesday night as the Trojans put on their greatest final quarter spurge of the season and fumbled the visiting Duluth Trojans 79-74 in Midwestern Conference action.

After being tied 54-54 after three quarters, the fast-darting Trojans fired in 25 points in the fourth period and evened their won-lost record at 3-3.

They Start Slowly

Like Old 97 chugging up the mountain, the Madison eagles have been slow starters in their six games. They've scored just 75 points in first-quarter play, 98 and 93 respectively in the middle periods and 137 in the fourth.

With one exception, the team has scored more points in the fourth quarter than in any other quarter of every game. Success in fully engineering the pell-mell final-period drive against Dupo were Paul Lusk with 10 points and Dale Turner with nine.

The two scoring stalwarts led overall. Turner making 26 and Lusk 23 marks. Steve Devine, Mike DeYoung (13) and Bob Fouts (11). High for the Trojans, 24, were Gale Ribine with 12 and Dennis Cook with 10.

Madison jumped into the lead early in the last quarter. Trojans scored 12-0 in the final 10 minutes, but the Trojans' 12-0 run was not enough to overcome the Trojans' 12-0 run.

TRYING TO PALM basketball while struggling to keep his feet occupies Madison's Paul Lusk (42) under the Dupo basket in the second quarter Tuesday night. He felt but a teammate grabbed the ball. Other Trojans out: Mike DeYoung (left) and Bob Fouts (22).

Two Loop Foes Here

GC Struck By Injuries

Old Man Aches and Pains, bitter enemy of athletic coaches everywhere, is apparently conspiring against both Granite City and Granite City high school basketball team.

Elmer Wortham, who came up with a painful ankle injury in practice. He started against Belleville but soon limped back to the bench, missed the Saturday night contest at East St. Louis and likely won't play this weekend.

Then, Monday night, the Fighting Warriors' fine 6-4 1/2 sophomore Terry Moore suffered a cut eyebrow when jabbed with a finger during a practice session. The wound took five stitches and he will not be in the lineup, Sullivan announced.

"When you get one boy hurt, you might as well lock up everybody else who plays that position," said Sullivan, because sure as anything, something will happen to them, too.

He was making reference specifically to Joe Hauptmann, allstate end in football and substitute for Moore, on the front-line. Early this week, a "kink" developed in his back and so he may also be on the sidelines.

So the Warriors will be at sub-par strength for their two

Wrestlers Mark Up Two More Victories

Remaining undefeated, Granite City high school's wrestling team whipped East St. Louis 40-6 yesterday and McCluer of Ferguson 40-5 Tuesday night. The Warriors now have a 6-0 record in dual meets, plus one quadrangular championship.

Coach Bill Oehlendorf's team lost only two bouts in the meets. Joe Salamee of McCluer's Camels beat Granite City's Dan Jones 3-2 as the latter made his first victory start of the season.

The Warriors' regulars won five pins in their unexpectedly easy win over McCluer here Tuesday. The fastest came in 2:45 as Jim "Buddy" Valicoff stopped Joe Perry, son of the Comets' coach, with a half-nelson and body-lock. The team won four falls at East St. Louis.

Granite City's junior varsity defeated McCluer 23-11 and East St. Louis 32-12. Gus Schalkham (103) and heavy-weight Dewey Bell had pins in both matches. Others who posted two victories were Rich Holshure (112), John Kozayak (133), Dan Gilmore (165), Brian Lamore (127) and Mike Andria (138).

The sophomore squad lost to McCluer 29-16. Bruce Hiles (145) and Bill Hankins (165) scored pins. Rich Pauli (120) won a decision and Randy Roustin (138) had a draw for the soles. There were two double forfeits.

GC PARK CASE DATA

St. Joseph's, behind 23 points by the Browns.

Peck's, paced by Jim Rains' 17 and Dan Partney's 17, Louisa play Monday night at Knappa. YMC's 57-52. Jim Moran's 16 and 14 by Jerry Ervay led the "Y's." The Shazams topped the Optimist 50-40. High scorers were Larry Johnson (16) and Greg Hoff (14) for the Optimists.

Dan Gravelle pumped in 36 points and Bill Oehlendorf had 17 as McKinley Bridge ripped A. H. Seebold 89-56 last night in the Classic League at Prather. Joe Fanning's 15 and Jerry Nelson's nine topped Seebold.

Bob Finkle and Terry Andrews scored 21 each and Bill "Satch" Page had 16 as Barton Auto Sales trounced Bowler Trucking 74-52. Clarence Jones made 17 and Ray Jones 16 for Bowler.

43 FGs Give Venice Win; Semi Tonight

A rematch of the MCM Conference tournament final is scheduled tonight in the form of a semifinal contest of the third annual St. Paul Invitational basketball meet in Highland.

Venice's Red Devils will face the Livingston Eagles at 8:15 in an attempt to advance to the championship game Saturday night against the host St. Paul Vikings, who won their semifinal duel 73-49 over Herriek's Eagles last night.

Coach Bill Oehlendorf's Devils would like a repeat of the 76-64 triumph over Livingston in last Friday's tourney time table to get a shot at St. Paul's only team to mar their 6-1 record. If

LEADING VENICE victory over Ashley was Percy Dillon with 14 field goals for 28 points.

they fell tonight, the Devils will meet Herriek in the third-place game at 8:15 p.m. tomorrow.

Venice crushed Ashley 96-66 in a semifinal Tuesday night by pouring in an astonishing total of 43 field goals. Leading the way was Percy Dillon with 14 fielders for 28 points.

HIT HOT 68%

"Listen to this," said the happy Oehlendorf after examining shot charts. "We hit 23 of 29 in the first half and 20 of 24 in the second half."

The coach had good reason to be pleased. That figures up to 43 of 63 from the field, a red-hot 68%. What made that even more amazing is that Venice's regulars played only about two minutes of the third quarter and not at all in the final period.

In 43 field goals, Leading the way was Percy Dillon with 14 fielders for 28 points.

Parther Wrestlers Pin Down Belleville; Coolidge Defeated

Prather defeated Belleville 37-9 but Coolidge was beaten by Florissant No. 38, 38-18 in junior high school wrestling matches today.

Winning on falls for Prather's Chiefs were Chuck Fennig at 112 pounds, Paul Hoffman at 127, Bill Gibson at 133, Jack Cochran at 180 and Charles Bludick in the heavyweight class.

Decisions were won by Johnny Martinez, 95, Gary Cross, 105, Dempsey Cross, 120, and Ernie Schwendeman, 145. Losing decisions were Jim Blaylock, 138, Larry Johnson, 154, and Sam Nighossian, 165. Prather is undefeated in three matches.

Florissant scored seven pins against Coolidge, equalling the number obtained in six previous matches. Other winners for the Chiefs were Greg Homyer (103) by decision and Mike Ouchowick (127), Gary Holland (180) and Bob Mull (heavy) by pins.

Pinned were Ed Milton, 95; Dave Sartin, 112; Terry Leutinger, 120; Jim Fitzpatrick, 133; Charles Campbell, 145; John Hommert, 154; Dan Bude, 165. Bill Fieber, 6-0, lost by decision. Coolidge has a 1-2 record.

Warriors Sidelined. Terry Moore (left) and Elmer Wortham will be out of the Granite City starting lineup due to injuries.

home Southwestern Conference games over the weekend. Edwardsville's Tigers visit tomorrow night and the Wood River Oilers call Saturday night.

Although he hasn't had a chance to personally scout these teams, Sullivan said: "I understand they both fast-track and play zone defense for the most part. Edwardsville is running all the time."

Both opponents have better records than the Warriors (11-3). Edwardsville is 32-2 in winning the Alton tourney last weekend and losing to Roxana Tuesday. Wood River stands 4-2, one of the losses coming from the state's third-ranked Quincy, in the latter's round-robin tournament last Saturday night.

Edwardsville's running attack is reflected in the Tigers' 84 points per game average. Letterman Randy Phelps and Danny Sues, both six feet tall, scored 25 and 32 points respectively as coach Joe Lucio's team pulverized St. Louis De-Andria 96-72 in the Alton tourney final.

The other victories were 78-64 over a since-undefeated Highland team and 97-70 over St. Louis CBC. The losses were to Wood River 75-74 and Roxana 78-74. The Oilers have defeated Bethalto 64-62, Rushville 78-63 and Danville Schlarman 79-62 while losing to Belleville 74-71 and Quincy 94-56.

Wood River, coached by Bob Horton, has five lettermen in 6-6 Jerry Harrison, 6-4 Wayne Heine, 6-2 Mike Condon, 6-0 Terry Brown and 6-0 Mike Gimsley and the Oilers are given a good chance to win the conference title in competition with the best-balanced Southwestern fields in recent years.

Unless further injuries pop up, Sullivan plans to start Joe Grobowski, Virg Kambarian, Vince Debevc and Larry Ripka with either Bill O'Neill, Larry Dillard or Hauptmann in Moore's place.

Granite City Sophomores Defeated by Young Kahoks

Granite City's sophomores fell behind early Monday night and Buie, 165, Bill Fieber, 6-0, lost by decision. Coolidge has a 1-2 record.

Top scorers for the Warriors were Larry Langley and Ed Odom with 10 each, Mike Hoy Granite City's Dal Maxwell, also with eight and Jim Stuart with the Chiefs. For further details, see Bruce Edwards led the young see earlier story on page 27.

Shannon to Receive Khoury League Award

Mike Shannon, St. Louis Cardinals' rightfielder and a World Series standout, has been elected to the "Khoury Major Leaguer of the Year" by St. Louis area sportswriters.

Among the 14 nominees was Granite City's Dal Maxwell, also with eight and Jim Stuart with the Chiefs. For further details, see Bruce Edwards led the young see earlier story on page 27.

Cards Acquire Venice Native For Farm Club

Ted Savage, a native of Venice and now a St. Louis resident, has been acquired by the Jacksonville (Fla.) farm team. An outfielder, Savage attracted baseball scouts' attention while playing in the Army and was signed by the Philadelphia Phillies in 1960. He was called up by the Phils for the 1962 season and then traded to the Pittsburgh Pirates, where he spent the 1963 campaign.

Last season he joined the Pirates' Columbus farm in the International League, hitting .229. In exchange for Savage and pitcher Earl Francis, the Cards sent outfielder Ron Cox and infielder Jack Damaska to Columbus.

Savage attended elementary school in Venice before moving to East St. Louis, where he was graduated from Lincoln high school. He is a 1958 graduate of Lincoln University, Jefferson City, Mo.

During the off-season, the 27-year-old athlete is teaching and living in adult education classes in East St. Louis. His father, Theodore Savage Sr., is a teacher at Lincoln school, Venice.

School Board Favors Retaining Madison on GCHS Grid Schedule

On the recommendation of Supt. Russell D. Johnson, the Granite City school board voted Monday night to ask High School Principal Lawrence McCauley to continue scheduling football games with Madison high school.

Athletic Director Richard Yates had proposed dropping Madison from the schedule, citing the larger GCHS enrollment, the 62-0 victory this year and the possibility of serious injury. "If a boy has to let up in his blocking or tackling, he is more likely to get hurt."

Urging non-conference opponents having about the same enrollment as Granite City, Yates said such games aid in building up the team, enabling varsity players to remain in action long enough to sharpen their play. He blamed the loss to Collinsville, which cost GCHS a share of the 1964 Southwestern championship on the preceding contest with Madison.

School board members noted past outstanding Madison teams which have been victorious in Granite City grid squads. Yates conceded that the Madison school has requested another two-year contract, and Supt. Johnson linked the traditional game with "a neighborly feeling that has been in existence for many years."

Possibility of GC School Swimming Program Studied

A Granite City school swimming team? The school system currently lacks swimming facilities of its own, and the board decided Monday night to omit a swimming pool from the junior high school to be constructed on Pontoon and Cargill roads. But a swimming program including instruction was recognized Monday night as a distinct possibility in the near future.

Board Member Ralph Buske initiated the discussion, and Supt. Russell D. Johnson said he has talked about a school aquatic program with Granite City park district officials.

The idea has not yet reached a definite stage, but it involves use of the Wilson Park swimming pool in the spring and fall, during the weeks immediately before and after regular summer time public swimming. In the past, the park district has closed the pool to avoid conflicting with school activities, and because students' school attendance limited the number of potential pool users.

Further exploration of the topic is planned during the 1964-65 year.

Freeman Scores Dozen

Madison's Don Freeman with 12 points was one of five University of Illinois cagers in double figures Tuesday night in a 70-56 triumph over Wisconsin.

Worham Nearing 2000-Point Mark

Carl Worham of Granite City is within four points of the 2000 mark in his playing career with the Sanford-Brown Business College basketball team.

Worham scored 25 Tuesday night in an 86-75 win over the St. Louis College of Pharmacy. He now has 1996 points over four seasons. The ex-Granite City high school player scored 536 points as a freshman, 380 as a sophomore, 724 as a junior and has 126 this season. He has hit almost 50% of his field goals attempts in 79 games.

Sanford-Brown has a 5-1 record. Worham will miss tonight's game with Logan College but will try for No. 2000 Dec. 28 against the St. Louis Boys Club in a game at 11th & Sidney streets, St. Louis.

Against Pharmacy, ex-Madison resident Bob Simpson led the scoring with 29 points and Calvin Dixon of Venice popped in 11.

THE MADISON COUNTY SPORTSMAN

By DON HASTINGS
County Conservation Officer

This has probably been the best—and the busiest—week for me since I became a conservation officer. Since taking the position, I have attempted to get a two-way radio in my patrol car. There have been so many times when law violators could have been apprehended, it could have called for assistance or could have been contacted while in my car.

This week, with the assistance of Madison County Sheriff Barney Frundorf, a two-way radio was installed in my car. I can now communicate with both local and state police along with the sheriff's office and jail. Now when a complaint is received at my home, either office can be contacted and this information forwarded to me.

I am deeply appreciative to Sheriff Frundorf and his staff for the cooperation and assistance they have always given me, especially with the loan of this radio. With this additional help, I urge anyone who sees a violation or is suspicious of some hunting incident to call my home immediately.

Night Rabbit Hunting

The entire area this week including surrounding counties has been troubled with a rash of night rabbit hunting violations from autos. We have worked diligently and Friday night apprehended two subjects hunting from an auto near the Chain of Rocks canal and the Hartford canal.

They had just shot a rabbit in the garden of a rural home using the headlights of the auto. A loaded .410 shotgun was in the front seat and one subject was carrying a loaded .38 revolver in a holster under his coat. Both had one shell fired. Riding in the rear seat of the car were three young boys of grade school age.

I again point out the dangers involved in this type of hunting. The accidental discharge of a gun in the auto or the ricochet of a bullet, such as from this .38 revolver, into a rural home makes the violation extremely serious.

I sincerely hope that, through continued publicity on these dangers and stiff punishments of violators, we can bring a halt to this type of hunting.

Caution to Trappers

Words of caution to the fur trappers who are new to the

sport or possibly to some experienced ones who have not thought of this. Be sure to set your traps so that they will not catch animals other than those you are seeking.

This week I set a trap line in a creek there. Water sets are, of course, the best and usually produce the most fur and those sets do not catch anything except what you want.

However, if you do set on dry land, be certain to arrange sticks or some other obstacle so that other animals will step over or go around your trap.

Time permitting, I will be glad to instruct any youngster in proper trapping procedures.

Soccer Teams Head Into Playoff Finals

Playoffs in the YMCA Soccer League will probably end this weekend, according to director Ruben Mendoza.

Lincoln Place meets the Bricklayers at 11 a.m. Saturday, with the winner going against GBU at 2 p.m. Sunday for the championship of the Midwest Division. In the Bantam Division, Credit Union plays Gitchcof at 2:30 p.m. Saturday for the championship. If Credit Union wins, the double-elimination playoffs will continue, with the same teams meeting at 1 p.m. Sunday.

All games are slated for Coolidge junior high school.

Roxana Defeats Prather

Roxana defeated Prather 33-26 in seventh grade basketball Monday at the Granite City school's gymnasium. Terry Cox scored 14 and John Winfield and Ron Ward had four each for Prather.

Warriors Draw Bloomington Raiders In First Round of Pontiac Tournament

Granite City will play Bloomington at 10 p.m. Monday, Dec. 28, in the final first-round game of the 34th annual Pontiac Holiday high school basketball tournament.

The Warriors are placed in the same bracket as the defending state champion Pekin Chinks, rated the No. 1 team in Illinois this season. If both teams win their first two games, they will meet in the semifinals.

If the Warriors defeat Bloomington's Raiders, they'll meet the Pontiac-Alton winner at 8:30 p.m. Tuesday, Dec. 29, of that game at 10 p.m. Dec. 29. Other pairings of the 16-team tourney: Princeton vs. Carol Waukegan vs. Richwoods, Washington vs. Springfield, Lockport

vs. Sterling, Bloom vs. Lincoln and Pekin vs. LaSalle-Peru. Reserved seat tickets for the entire tourney are available to students and adults at \$6 each. Tickets for Monday and Tuesday night sessions are \$1 and \$1.25. The final session, Wednesday night, will cost \$1 and \$1.50.

Prather Edged 37-33

By Madison Freshmen

Madison's freshmen edged the host Prather ninth graders 37-33 in basketball Monday night. The losing Chiefs were within one point with 30 seconds of the close contest remaining. Gary Lusk made 15 points for the young Trojans while Don Ruess and Roger Cooley hit 11 each for Prather. Madison has a 3-1 record to Prather's 2-4.

Madison Team Slips By St. Elizabeth's

Madison and St. Elizabeth's battled into the final seconds of play Monday night before the host Spartans took a 34-32 triumph in eighth grade basketball at MJHS.

St. Elizabeth's went ahead 31-30 before two baskets and a 20-second stall by Madison ended the game. Dale Clinton had 17 and Jim Scott 10 for the Spartans while Rich Logan's 13 points paced the Granite City school.

A balanced scoring attack gave Madison a 32-17 victory in the seventh grade preliminary. Ted Narvaez made nine, with Ronnie Britt, Dave Uherek, Larry Glasper and Rich Sabo getting four each. Tom Loman scored seven for the losers.

Hospital Launches Long-Time Plan to Improve Service

A new expanded, long-range educational program designed to improve all phases of operation on a year-to-year basis has been initiated by St. Elizabeth Hospital to provide "better service to the community," hospital authorities announced today.

The program will embody not only a master plan of new education and training in every departmental category, but will provide as well for resumption of many previous programs that have been applied successfully in the past.

In announcing the new program, hospital authorities said: "St. Elizabeth Hospital is currently master planning a newly-expanded educational program for the betterment of its operation, year-by-year into the future. In the belief that its efforts in education for future hospital improvement is the real key to the hospital's ability to meet its obligation to achieve the best service possible to the community, the hospital from now on is working toward an overall, educational, master-planned program of revised and remodeled thinking, action, and even behavior for better service to the community."

Leaders Attend Course

Currently under way in connection with the new plan is attendance at Southern Illinois University's ten-week course in "Practical Psychology for Supervisors" by several leaders from the hospital's nursing service, a ten-week advanced Executive Housekeepers' Institute attended by the hospital's executive housekeepers, and a ten-week Medical Secretary Refresher course at O'Fallon high school in St. Louis attended by 11 of the hospital's clerical personnel.

Also part of the current program is the hospital's own 12-week Management Improvement Group Dynamics sessions.

Seventy of the hospital's executive, department head, middle and first-line personnel are participating from all areas of the hospital. These sessions also are open to a sampling of personnel not in the supervisory class as a tribute to possibly expanding the program to include all hospital personnel, local citizenry advisors and the medical staff next season.

"The program is designed to develop the mental, emotional, moral, spiritual, physical and technical thinking and behavior of the hospital as 'one large shared corporation,'" said all of the basic techniques of management and that of group processes. A revision of management behavior and technique will be structured as a result of the 12 weeks of group participation.

Phases of the program that will be continued as part of the master plan will include maternity classes and instruction for the public, emergency room and public health education, medical teaching to patients, patient library, credit counseling, teaching of new student practical nurses and a program of regular patient spiritual counsel by the combined local clergy and physician personnel to be based in the medical staff by the Tri-Cities Chamber of Commerce.

Other Program Phases

Other points also include encouragement of young people to medical careers, scholarships, apprenticeships, new personnel orientation, nurses' association, ward clerk in-service, practical nurse and aide in-service, weekly bulletin information service, in-department meetings, seminars, meetings, conventions, technical association educational benefits and technical institutes for various department heads.

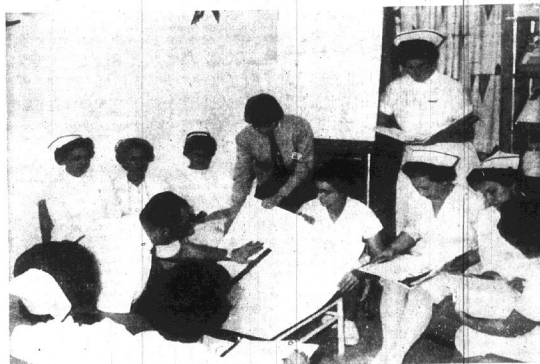

One section of the new plan may possibly provide for replication of educational opportunities of the past such as state-wide nursing institutes, department heads' and supervisors' workshops and institutes both in and out of the state, reading development, telephone technique and methods improvement seminars.

Plans have been completed for a series of educational events that will be initiated soon. These include a new service of special dietary counseling for in-and-out-patients, expanding inpatient therapy education, beginning research on hospital use of automatic data processing, volunteer education, more health adult education and University courses, department head counseling on financial statistics and budget and cost accounting.

More advanced product research and study and testing also is planned, as well as departmental vocational and research audits, department head scheduled library hours, broadening of counsel in the hospital administrative and operational research including nurse utilization and administrative operational planning and time standards and continuous supervision educational participation sessions.

Future Activities

The future phase of the program also has been worked out and each phase will be initiated as the overall plan progresses. Activities to be introduced under this part of the plan will include patient orientation and hospital activity program, a program teaching all employees to teach closed circuit T.V. television care teaching, advanced preventive medicine program, advanced medical staff committee studies and medical education professional presentations, professional activity study, revised job training and evaluation through the secretary of state's office in Springfield.

LINE SUPERVISORS and team leaders of St. Elizabeth Hospital meet in a Management Group Process session as part of the hospital's expanded educational and training program to improve service to the community. Participating are, left to right—Rose Bruemle, Glenda Moore, T. E. Rebert, hospital methods director; Dorothy Kowalski, Edna Wallace, Kathryn Rusick, Mylene Donoff, Mildred Diffenauer, Teresa Putnam (standing), Shirley Wendel, Frances Robbers and Judy Penhoff, a group representing nursing, therapy, records and service department areas of St. Elizabeth Hospital.

SECRETARIAL PERSONNEL of laboratory, business office and ward clerk areas of St. Elizabeth Hospital have completed a 10-week medical refresher course at O'Fallon high school, St. Louis, in connection with the hospital's expanded service education program. Among those completing the course, shown above, are: seated, left to right—Mrs. Anna Marie Crouch, Mrs. Constance Graham and Miss Candice Phinney; standing — Mrs. Helen Keith, Mrs. Barbara Johnson, Miss Evelyn Fitch and Miss Mary Quich. Those not in the photograph who completed the course are Mrs. Patricia McGee, Mrs. Coleen Townsend, Mrs. Loretta Kueker and Mrs. Faye Krause.

The last six months have been among the busiest in our 50 year history. Business has been good; it has been so good that we have already reached our profit quota for 1964. Most of any extra profit we make now would be paid out in taxes. Therefore, we've slashed prices throughout the store with only 3 things in mind:

1. We want to show our appreciation to our customers and friends in the Quad-City for making this the greatest year in our history by offering them an opportunity to buy all their

Christmas gifts at "After Christmas" prices.

2. We want to reduce our overstock now instead of waiting 'til after Christmas.
3. We want to open up 500 new accounts before the end of the year.

Therefore, we've marked down all merchandise, some as much as 30% to 60%, just as if it were after Christmas already but, you can still have it delivered in time for Christmas.

Marko Jercenovic, 78, Dies; Ill 3 Years

Marko Jercenovic, 78, of 3004 Madison avenue, Madison, died in St. Elizabeth Hospital at 10 a.m. Wednesday. He had been ill for the past three years and a patient in the hospital one day. Death was due to pneumonia.

Mr. Jercenovic was a native of Yugoslavia, but came to this country and to Granite City when an infant, living all of his life in the Quad-Cities area. He was a maintenance man for the old Madison Packing Co. for 12 years prior to his retirement ten years ago.

He was a member of St. Mary's Catholic Church of Madison. He leaves a brother, Kuzma Jercenovic, Granite City; and two nieces, Mrs. Thomas (Della) Miller of Madison and Miss Charlotte Jercenovic of Granite City.

Funeral arrangements are given in today's obituary column.

NLRB Hearing of Young-Greenawald Case Reset Jan. 4

A National Labor Relations board hearing on a complaint filed by the United Steelworkers charging violation of the National Labor Relations act by the Young & Greenawald Co., Granite City steel fabricating firm, and Local 1012 of the AFL-CIO International Order of Boilermakers, was continued Wednesday and was reset for Monday, Jan. 4.

The continuance was granted to allow NLRB and attorneys representing the steelworkers time to review subpoenaed payroll records of the company extending from the time the labor operations began in the City last summer through Oct. 2, Martin Gardner, NLRB attorney, told Thelma Lawrence, NLRB attorney, D.C., that a previous subpoena had been issued but that this for the company had provided payroll records only for the first three weeks of operation.

Gardner said that unless the records are produced under the new subpoena, he will apply to U.S. District Court for enforcement.

The hearing was scheduled to open Monday, but all day Monday and most of Tuesday were taken up in motions and conferences between attorneys, resulting in certain stipulations on allegations of the company and certain points of the respondents' answers. Only two witnesses were called before the continuance was allowed, with testimony beginning shortly before 4 p.m. Tuesday.

First witness was Harry Barnes of the Granite City Press-Record news staff, who testified Tuesday afternoon to conversations with company officials concerning plans for employment at the new plant. The second witness, and only one to take the stand Wednesday, was Clyde Boyd, Granite City alderman and a representative of the Steelworkers union.

Boyd testified as a representative to organize the workers of the Young & Greenawald plant after it had begun operations here. Boyd is scheduled to return to the stand for cross-examination when the hearing is resumed Jan. 4.

The NLRB complaint alleges the company, which has its main headquarters in East Chicago, Ind., recognized Local 1012 of the Boilermakers as the exclusive bargaining agent of its employees at the Granite City plant at a time when the union did not represent a majority of the employees in an appropriate collective bargaining unit.

The complaint also alleges that the company and the union discharged three employees because of their activities on behalf of the United Steelworkers Union and because they refused to join the Boilermakers union.

The hearing was held in the Federal building in St. Louis.

County Board Acts On Zoning Requests

The Madison county board of supervisors approved one zoning change request, denied another and held a third in abeyance during a meeting Wednesday morning in Edwardsville.

Granted was a special use permit for a mobile home on a lot at Fifth street and McInnis avenue, Namekoti township, for William J. Stull, purchaser, and Elmer D. and Goldie Smith, owners.

A special use permit requested by James C. Green, purchaser, and Russell Lewis, owner of record, to construct an apartment house in a one-family residence district in Chouteau Township was denied. The property is located about 800 feet south of Highway 3 on Marcellus road.

Held in abeyance pending decisions by the zoning administration at 6:30 p.m. Wednesday was a decision on a petition by Benjamin A. McMillon, purchaser, and Henry Ross, owner, requesting a change in the side yard of property located on the south side of Stratford lane across from the Wilshire Manor subdivision.

Two Autos Damaged

Autos driven by Gordon A. Thompson of 1021 Main avenue, and Paul Baumann of 2009 Hildebrand street, Madison, were damaged at 6:30 p.m. Wednesday in a collision at Twelfth street and McCarbine avenue in Madison. The collision occurred as Baumann, going east on Twelfth street, made a right turn into McCarbine avenue.

Thompson was headed north.

A gift was presented to the honoree.

Man Hurt Friday Enters Hospital on Tuesday

Robert J. Foster, 23, of 211 Watson road, Eagle Park Acres, was admitted to St. Elizabeth Hospital Tuesday with neck and back injuries which he suffered in a three-car accident last Friday night on Highway 203, a half-mile south of Bond road.

Damage to Foster's auto was estimated at \$1300 after it was struck in the rear by one driven by Alfred L. Waller, 26, of Rolla, Mo., and Waller's vehicle bounced into the side of a car driven by Burrell W. Schmiedel, 45, of Collinsville. Neither of the other drivers were injured, according to the report.

Marine Corps League Completing Toy Project

The Quad-City Detachment of the Marine Corps League is bringing its Toys for Tots program to a close, it was announced today. Any additional toys or requests should be submitted immediately to Tom Stephens or Shane Fox.

Members of the detachment have met several times, including two nights this week, to repair donated toys. They will go to children of needy Quad-City families.

During a meeting Monday night at the VFW, Commandant Marion T. Barry appointed Service Officer Herschel Reinhardt to a Granite City.

Rotary Holiday Program

Madison Rotarians yesterday heard a program of Christmas vocal music by the Madison high school chorus, directed by Mrs. Valerie Stevens. Jack Friedman was honored on his birthday, and plans for the club's annual home lighting contest were reviewed.

Judge advocate vacancy. Lloyd Young and Edward Heintz were asked to contact the Salvation Army to obtain additional names of needy families.

Well over 100 toys are to be distributed at Christmas, Marine veterans wishing to participate to join the detachment may contact Post Office Box 306, in a specialty number "Thundering Drums."

650 Attend Concert By Coolidge JHS Band

The annual Christmas concert presented by the 130-member Coolidge Junior high school band attracted an audience of 650 for its performance Monday evening in the Granite City high school auditorium.

A program of seasonal and standard selections was conducted by Robert D. Tabor, band director. Featured soloist was Vicki Couch, a ninth grade student, who played a set of drums in a specialty number "Thundering Drums."

Annuity Plan Established For GC School Employees

Non-forefeitable tax-sheltered annuity contracts with Granite City school district employees were authorized by the school board Monday night.

Also approved were request forms by which employees can ask to reduce their pay, using the difference to purchase annuities.

Purpose is to cut present income taxes and provide extra income following retirement, the tax applied after retirement would be on lower total income.

38 Work Two Days Off

The board rejected a proposal from some of the teachers that schools be closed next Monday and Tuesday. The yearly calendar calls for the Christmas-New Year's holiday to begin after classes Tuesday afternoon. Total number of attendance days in the calendar exceeds the minimum required by the state by two days.

Supt. Russell D. Johnson said he had been informed that the move lacked formal support from either the American Federation of Teachers or Granite City Educational Association.

Petitions from two schools, one with 22 signatures and other with 16 signatures, were filed. Others were circulated but not turned in, Supt. Johnson told the board. He recommended disapproval.

"Would you prefer to be out of school the 21st and 22nd of December if the time did not have to be made up? Check in these or no column. If the majority do not want to teach on these days, their wishes will be conveyed to the superintendent of schools for consideration."

Hirings, Resignations

Teachers hired Monday night included Mrs. Carolyn Baldwin, Pontiac Plaza Apartments, for Emerson kindergarten classes beginning Jan. 4, and Mrs. LaVerna Corbett, 2817 Cayuga street, as

Prather junior high girls' counselor starting Jan. 25. Mrs. Baldwin has a bachelor degree from Indiana State and has taught in the city of Illinois for 22 years. She has 22 years of experience and a bachelor degree from Southern Illinois University.

Lee Phillip, Champaign, Ill., who holds a master degree from the University of Illinois and has taught 11 years, was named as a teacher of English and art at Granite City high school in the spring semester.

Also hired effective Jan. 25, Miss Carol Kueners, formerly Granite City teacher, was chosen for an elementary school assignment. She has taught one year and has a bachelor degree from the University of Missouri.

Mrs. Pearl Kennerly, 2538 State street, was employed as receptionist and switchboard operator in the main school administrative offices.

A leave of absence through the end of the fall semester was granted Mrs. Mary Anderson. Stallings second grade teacher, due to illness in her family.

Resignations were accepted from Mrs. Jennie R. Lawrence, 3728 Nameoki road, Marshall third grade teacher, and Everett Bull, 2232 East 25th street, a Wilson school custodian.

Bills, Conventions

Attendance by M. A. Wittes-rongel, vocational education director, at the American Vocational Association meeting in Minneapolis this month was approved.

Bills paid totaled \$16,456 in the educational fund, \$19,313 in the transportation fund, \$3,939 in the new construction fund, \$4,704 in the building fund, \$33,888 in the bond and interest fund and \$37,264 in the cafeteria fund.

Salaries listed amounted to \$412,475 in the educational fund and \$43,419 in the building fund for November. Travel allowances totaled \$1306 in the educational fund and \$102 in the building fund.

Expenses listed for state school board and administrator meetings in Chicago last month were: mileage pay to Supt. Johnson and Secretary Dillard, \$48 each; Sherman House hotel, \$241; nine banquet tickets, \$63; one-way plane tickets for Member and Mrs. Walton, \$33; and train tickets, \$55 (round trip for Member Spangler and Member and Mrs. Ceider and one-way for the Waltons). President Linder also attended.

At the request of Board Member Robert Ceider, listing of wages in the expense report will be omitted in the minutes.

Retail Clerks Giving Foodstuffs For Area's Needy

Contributions of canned foods and staples by Retail Store Employees Local 435 to the Salvation Army's "Tree of Lights" will continue through Monday, it is announced by Miss Heitie Sheppard, secretary-treasurer of the 400 member union.

For the third year, union members elected to cancel a Christmas party and make donations to aid needy families in the Quad-City area residents.

They are J. C. Baker, 172 Lee Wright Homes, Venice; Elbert Junior Cain, 530 Barkley street, Mitchell; Juanita Crawford, 629 Mercedo street, Madison; Marvin Edward Green, 612 English place, Granite City; James J. Judd Hall, 2708 Harvey street, Granite City.

Paul Josephine Hall, 2708 Harvey street; Roy Thomas Horman, 2921 National avenue; Allen Hurst Jr., 1122 Calhoun street, Venice; Emriel Harrel Johnston, 2436 Angela drive; Nelson Lavelle Lindsey, 2545 North street, all of Granite City.

John William Nash, Box 650 Stratford lane; Elbert Leon Pace, 4836 Warnock avenue; Victor Antonio Rodriguez, 1312 Eighteenth street, and Lawrence Dale Travis, 2045 Quincy street, all of Granite City.

14 Quad-Cityans File Bankruptcy Petitions

Bankruptcy petitions are on file with the U. S. referee in bankruptcy at Springfield for 14 Quad-City area residents.

They are J. C. Baker, 172 Lee Wright Homes, Venice; Elbert Junior Cain, 530 Barkley street, Mitchell; Juanita Crawford, 629 Mercedo street, Madison; Marvin Edward Green, 612 English place, Granite City; James J. Judd Hall, 2708 Harvey street, Granite City.

Auto Skids at GC Steel Spray, Hits Sign, Pole

John St. John of Edwardsville escaped injury about 10 p.m. Tuesday when his eastbound auto skidded on the wet pavement of Route 162 (Edwardsville road) at the spray pond for Granite City Steel Co. blast furnace plant and went out of control, hitting a sign and a pole.

St. John, 21, told police his car skidded across the four-lane pavement to knock down an electric caution sign before going on to hit the utility pole, bending it over and breaking a line.

Boosters Meet Monday

Basketball officials Keith

Parker and Frank Kraus will

give rules interpretations and

show an Illinois High School

Association film at a meeting of

Boosters of the Fighting War-

riors at 8 p.m. Monday at the

YMCA. Andy Sullivan, CCIS

basketball coach, will show a

film of tomorrow night's Wood

River game.

Girl Gets Santa's

Letter on Birthday

Darla Carney, daughter of

Mr. and Mrs. Charles Car-

ney, 2438 Bryan avenue, be-

came extra late today, her sixth

birthday. It was mailed from

Santa Claus, Ind. Part of

it read, "I will be especially

glad to see you."

Darla has been writing let-

ters to Santa since she was

mailing them to the North

Pole, U. S. She used Eagle

stamps as postage.

MORE ABOUT

Several School

(Continued from page 1.)

move were President Daniel Lin-

Secretary Ronald Dillard

and Robert Spengler.

A vote to retain the age limit

and adopt other hiring proce-

dures then carried 4-2, with Crider

Dr. Walton opposed. Five-

year experience in the district will

be required. A one-year proba-

tionary period will be required

of new employees except for cur-

rent applicants who have done

substitute work.

Substitutes are to be called in

rotation, determined by applica-

tion date. Employment will be

based on the date of the original

application, but applications al-

lowed to lapse must be started

over the date of reactivation.

Dismissals during the first year

can result from unsatisfactory

work, as determined by the lead

cook, building principal and cat-

eteria manager.

Inclusion of the factor of how

badly an applicant needs work

has been discussed, but no formu-

la has been devised.

To conduct physical examina-

tions of applicants, board mem-

bers voted and named two medi-

cal doctors and a chiropractor to

be contacted.

Teacher Probation

Basic was 6-0 in probationing

general, third-year probationing

extensions to teachers. Adminis-

trators will retain the right to

request such extensions for spe-

cific instructors regarded as do-

ing substandard work.

Basic was a letter from N. E.

Hutson, legal advisor to the state

superintendent, who said the

board should act on each case in-

dividually and that the law es-

tablishing a three year "is not

intended as a blanket policy."

First Granite City boards de-

clined following a "blanket policy"

but did include every new teacher

on the basis that the third

of teaching experience

enabled fairer and more accurate

evaluations to be made, aiding

both the individual faculty mem-

ber and the educational program.

It was handled by sending in-

dividual notices 60 days before

We have a watch that works like a charm.

And part of its charm is that it works like a watch! Don't be fooled by the good looks of these watch charms. Inside each pretty case is a serious watch. It's kind of radical putting a good watch in a watch charm. A watch with a durable, precision, jeweled-lever movement. But until this was possible, Bulova went along for years not making watch charms. Then its Caravelle Division found out how to do it at a reasonable price: \$17.95 for the round ones, \$19.95 for the discs, including long chain (plus tax). We have them in black, white, green, blue, red, yellow. And we suggest you buy one for every feminine gift occasion in sight. Get one for yourself at the same time to wear and wear. As a bracelet charm. As a charming pendant. Or as a charming brooch.

MOOSE RACK measuring 57 1/2 inches across is trophy of a two-week Canadian hunt trip taken by Mr. and Mrs. Don Carbaugh, 1618 Poplar street, Carbaugh and Walter Otto, Tuscombia, Mo., both bagged a bull moose weighing between 1000 and 1100 pounds north of Sioux Narrows, Ontario. Unfortunately, the hunters did not have a trailer and had to haul the moose on an automobile—the bumper four inches from the ground and speeds of 15 and 20 m.p.h. for 200 miles—before they found an available trailer.

Cards' Maxvill Among 14 Nominated For 'Khouri Major Leaguer of Year'

Dal Maxvill, Granite City infielder for the St. Louis Cardinals, has been nominated for the "Khouri Major Leaguer of the Year" award.

The award, to be presented at the Khouri League's 29th anniversary dinner-dance Feb. 7 at the Hotel Chase in St. Louis, is given annually to the outstanding major league player who started his baseball career in the Khouri League Association. Only 1964 records will be considered.

Maxvill, replacing injured Julian Javier, played at second base as the Cardinals won the National League pennant and the World Series. Although he spent part of the season in the minor leagues, Maxvill had four hits in 20 at-bats in the Series and fielded 28 chances without error.

Grade School Girls Learn Sewing, Cooking at YMCA

Mrs. William Butler, 2715 Madison avenue, is busy these days supervising and teaching a group of elementary school girls the basic fundamentals of sewing and cooking as part of the YMCA's program for girls.

An active member of the "Y's" Senior Citizens club who volunteers her time, she meets with the girls from 4 to 5 p.m. on Thursdays.

The girls formed their own club known as "Kitchen Kapers" and membership is open to any girl. It is part of a more varied program in the youth department, and the girls learn handi-crafts, home decorating and good manners. The program is directed by Mrs. Bonnie Fuller.

A few of the girls knew how to do some simple sewing but had never tried. They were eager to learn, so first Mrs. Butler taught them how to thread a needle and make a knot. They completed "cat face" bean bags. On this they learned to sew buttons for the eyes. They now are learning how to finish a flat piece of material by hemming it.

Embroidery, Knitting
Next will come embroidery stitches, and then they will learn to knit. Mrs. Butler insists that the girls do their own work. "I just show them how

it's done and get them started," she said.

One class each month is spent in the "Y" kitchen. The little cooks use a double-oven stove for their baking, and at the last session they made cookies. They are preparing for a Christmas party with another youth department club, the "Weapons club" directed by Dave Williams.

"We'll do the cooking," they say. "You know how boys are."

Trim Christmas Tree

The two groups also will trim a Christmas tree in the old fashioned manner with decorations they are making.

After an open business meeting which they conduct themselves, they sing songs before starting to work. Many of them have their own sewing baskets which they carry with them. In addition to material which they share with one another.

Girls currently members of the Kitchen Kapers are Nancy Pace, Mary Coleman, Nancy Huffine, Debra Schmieg, Ina Young, Tina Perdue, Diana North, Pam Burke, Christine Papp, Julianne Papp, Debbie Scharf, Kathy Scherer, Karen Sasyk and Carla Dutko.

Participants need only be members of the youth department or have a club membership which is \$4.50, including insurance. Annual membership is \$11.

KITCHEN KAPERS CLUB members, composed of grade school girls, learn sewing and cooking in one of the youth department programs at the YMCA. Showing the girls how to sew is Mrs. William Butler, a "Y" senior Citizens Club member who volunteers an hour each Thursday at the task.

The first Christmas Seals used in the United States to fight TB were issued in Wilmington, Delaware, in 1907.

Johnson to Speak, Asks School Board to Attend

A major address on "School Problems" is planned for 12:15 p.m. next Tuesday when he addresses the Granite City Rotary club at the YMCA, Supl. Russell D. Johnson told the school board Monday night.

Commenting that it "might be of interest to members of the school board," he asked that many board members as possible attend the Rotary luncheon.

Lt. Moore to Speak On Driving Safety

Granite City Police Lt. Paul Moore, who is president of the Quad-Cities Safety Council, will speak before school-age youngsters of the Church of Christ at the church, Nantua road and Ferguson avenue, Saturday afternoon.

Lt. Moore said he also will show films of auto-driving measures which might be taken by young drivers.

"We of the safety council plan this year to concentrate on speaking engagements to stress safety among youngsters and young drivers," Lt. Moore added.

400 Crippled Youths Aided by Kiwanians

Annual contributions from 240 Kiwanis clubs, which comprise the Illinois and Eastern Iowa District, maintain hospital facilities in Chicago for more than 400 youngsters crippled with polio, maintain hospital facilities in Chicago for more than 400 youngsters crippled with polio, maintain hospital facilities in Chicago for more than 400 youngsters crippled with polio.

The information was part of a report related by Golden Barton, newly-elected president, and St. Clair Shuppert, club secretary, both of whom attended a recent Kiwanis school of leadership held in Springfield, Ill.

During the three-day workshop, Barton said, participants heard a Chicago physician discuss the operation of the spastic paralysis program, a principal charity of the Kiwanis I & II district.

Francis Richardson gave a review of a recently-sponsored fund sale, and plans were completed for several members and their wives to attend the annual installation dinner of the Glen Carbon Kiwanis Club.

Those who attended the installation ceremonies, which were held last night included Mr. and Mrs. Barton, Mr. and Mrs. Shuppert, Mr. and Mrs. Roy Gowan, Mr. and Mrs. John Sams and John Madach.

The club will hold its next dinner session at 6:30 p.m. Monday in the Luna Cafe, Mitchell.

Extinguish Weed Fires

Venice firemen were called to extinguish two weed fires Tuesday. The first call was at 4:28 p.m. to a vacant lot at Klein street and Lincoln avenue. The second was at 9:48 p.m. at the rear of 123 Abbot street.

Saturday Deadline to Enter JC's Yule Lighting Contest

Saturday is the deadline for entering the annual Granite City Jaycee Christmas home lighting event, one of two holiday contests being held in the Quad-Cities this year. Entries will be received until midnight that date, according to chairman, Dr. George Rich, who is coordinating the Granite City competition.

No entry form is required for the second contest being sponsored by the Madison Rotary Club for Madison residents. Judging of both contests will take place next week, with a tour of the Madison homes to be made Tuesday night. No special evening has been set for judging entries in Granite City.

For the convenience of late entrants in the Granite City contest, a blank address elsewhere in today's issue of the Press-Record. Additional entry blanks are available at the office of Illinois Power Co., co-

Calvary Tabernacle New Church Here

An denominational church known as Calvary Tabernacle has opened at 4300 Nantua road. Its pastor is the Rev. H. V. Lindsay.

Services at the church will include Sunday school at 9:45 a.m. and Sunday evening services at 7:30. On Thursday evenings at 7:30 the minister conducts Bible study, featuring a question and answer period. The church also presents a ministry of healing.

Rev. Lindsay began his ministry in Granite City in 1953 and since that time has held pastorate at Fort Dodge, Iowa; Cambridge, Ill.; Louisville, Ill.; St. Louis and Edwardsville, Ill. He has also done pastoral work which has taken him to several other states and is now serving as president of The Gospel Evangelistic Association, Inc. He is editor and publisher of "The Healing Light Evangelist," an international publication distributed in 42 countries.

Rev. Lindsay has been awarded an honorary Doctor of Divinity degree by the American Bible College in Chicago and has been heard locally on several occasions. He was described as being about 30 years old and wearing a tan coat, blue jeans and a red and blue stocking cap.

GO TO CHURCH SUNDAY—

Thief Spotted in Act

Fred McColgan, 2522 Lee avenue, reported at 11 a.m. Tuesday that he saw a man trying to break into his car while it was parked for a few minutes at Madison and Niedringhaus avenues. The front window and door were damaged. The man was described as being about 30 years old and wearing a tan coat, blue jeans and a red and blue stocking cap.

County Tax Assessors To Meet on Dec. 29

The Madison County Association of Assessors will meet at 2 p.m. in the board of supervisors room at the courthouse in Edwardsville, it was announced by George Musso, county treasurer.

A representative of the Illinois Department of Revenue at Springfield is to explain changes being made in assessing procedures.

Assessors will continue to maintain property card records and photographs describing all real estate in the county, Musso said.

\$210 or 42-Day Penalty

Loren Hutton, 54, of Rural Route One, was sentenced to pay a fine of \$100 and costs each on charges of intoxication and disorderly conduct or serve 42 days in the city jail. His hearing was held Monday before Magistrate Gasparovic. Hutton was returned to jail. He was arrested at 4:10 p.m. Sunday at 19th street and the railroad tracks.

STORM WINDOWS AND DOORS—GRANITE CITY GLASS CO., TR 7-5400

3 from GC Among Finalists for Federal Employee Honors

Three Granite City residents are among 41 federal employees finalists from 22 agencies in the two-state metropolitan area, who are competing for honors in the tenth annual Federal Civil Service Employee of the Year program.

Local nominees are: Mrs. Gertrude Southwick, 1937 Grand avenue, Donn O. Kinney, 2639 East 23rd street; and Arthur W. Meier, 1612 Clark avenue. Mrs. Southwick is employed at the Army Mobility Equipment Center (MREC), St. Louis, and the two men are with the Granite City Army Depot.

A winner will be named in each of three job categories: administrative services, managerial and technical, and professional and scientific. Winners will be announced during the annual awards dinner, Jan. 16, at the Hotel Chase.

Mrs. Southwick began her federal career at the Granite City Army Depot in 1943, where she received numerous commendations during her 14 years of service. For the past 13 years, she has worked in the field of supply management.

At the Mobility Equipment Center, Mrs. Southwick serves as the equal employment opportunity officer and has conducted supervisory training courses under the presidential program.

She was cited for a special commendation by Brig. Gen. Thomas B. Simpson upon briefing him on the center's supply operations when he assumed command of MEC.

As part of a self-improvement program, Mrs. Southwick is presently taking a correspondence course in supply management through the Army's Logistics Management Center, Fort Lee, Va.

Superintendent at Depot

Kinney, a mechanical shop superintendent, started in federal service at the depot in 1942 as a senior mechanic. From September 1943 to December 1943, he was with the Seabees in the Pacific and returned to the local Army installation in 1946.

His unit supports the SAC mission of keeping the nation's intercontinental missiles and jet bombers on constant alert. The airman is a 1964 graduate of Madison high school.

Airman White to Train As Air Policeman

Airman Lester E. White, son of Mr. and Mrs. Lester G. White of 1939 Fifth street, Madison, has completed Air Force basic military training at Lackland AFB, Tex.

Airman White is being assigned to a Strategic Air Command (SAC) unit at Vandenberg AFB, Calif., for training and duty as an air policeman. His unit supports the SAC mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

Church and serves on the Commission for Education.

Holds Masters Degree

A graduate of Granite City high school, Meier attended Brown's Business School, St. Louis, and in 1950 received a bachelor of arts degree in business administration at Valparaiso University, Ind. After several years of night school, he received a master of public administration degree from St. Louis University in 1962. He also attended courses at the Army Finance School and the Army Management Engineering Training Agency.

Meier served with the armed forces for two years in world war II and became employed at

the St. Louis Records Administration Center in 1948. He left the federal service to attend college and re-entered in 1950 as an accounting clerk at the Granite City Army Depot.

A short time later, he became an internal revenue agent, but returned to the depot in 1956, where he is now employed as Deputy accounting officer. Meier has received numerous awards and citations for his work.

He has held an office in Concordia Lutheran Church since 1950 and is presently church treasurer. During a recent church building campaign, he served as financial chairman. Meier is the father of two children, David, 3, and Susan, 1.

Hit-and-Run Accident

Thomas Hicks, 2169 Washington avenue, reported at 4:30 p.m. Monday that a hit-and-run driver damaged the left side of his car while it was parked during the night in front of his home.

Meier served with the armed forces for two years in world war II and became employed at

Collection of \$25 License Fees to Be Started by County

Statements for 1963 business licenses for unincorporated areas of Madison county are to be mailed on Dec. 28, Robert Gaughan, Granite City, chairman of the investigation and license committee of the county board of supervisors has announced.

The \$25 license bills are to be sent from the office of Miss Emilia Holtz, Madison county clerk, to individuals, firms or corporations in the business of providing amusement, entertainment and transient lodging facilities.

Gaughan reported that 170 licenses were issued this year with revenue of \$4250 going to the county for an increase of 45 licenses, and \$1125 in revenue over 1963.

The committee expects payment from others who have yet to comply with the county ordinance. Gaughan said. The committee has a record of sales tax returns made by individuals, firms and corporations throughout the county to give it a better check and chances of getting 100% collection.

Daughter Born to Former Resident

Mr. and Mrs. Donald C. Davis of Memphis, Tenn., are the proud parents of a daughter, Lauren Dee, born Tuesday. The baby, whose weight was seven pounds, has a brother, John Marshall, two years old.

The father is a son of Mrs. Bethel J. Davis, of State street, and a former Granite City.

Two Fires, No Damage

Granite City firemen responding to two alarms Monday. At 3 p.m. they went to the home of John Tolian, 2812 Pershing avenue, where burning trash spread to weeds, and about 5 p.m. to the home of Richard Patterson, 1644 Moro avenue, where grease in a boiler caught fire. There was no damage at either blaze.

\$500 Reduction in Chicago Bond Co. Bill to Schools

A \$500 reduction in the legal fee initially proposed by Chapman & Cutler, Chicago bond attorneys, was accepted in a 4-2 vote of the Granite City school board Monday night.

At the request of the board, Attorney Maurice Dailey had requested a breakdown of a \$3000 bill received from Chapman & Cutler, which provided the approving legal opinion necessary to sell the local districts \$2,390,000 bond issue this year.

Amos H. Watts, a senior partner, replied, "It is impossible for me to break down the bill for you. However, I felt just fine in the fee in view of the time involved with this bond sale. In checking our correspondence, the time involved extended over a period from May 11 to Oct. 26, 1964, and drafting a number of the instruments involved."

"However, if there is any dissatisfaction in regard to our fee, if you will return the statement I will revise it and send you a new one for \$2900. The difference in the amount involved doesn't justify our attempting to sustain the fee to the dissatisfaction of the school board."

The \$3000 already has been paid. Voting to accept a \$500 reduction were President Daniel L. Walcott and Members Ralph Buske, Robert Crider and Dr. E. W. Walton. Opposing the plan were Secretary Ronald Dillard and Member Robert Spengler. Treasurer Monroe Worthen was absent.

Cafeteria Equipment

The board purchased cafeteria kitchen equipment totaling \$829,500 from Peoples Hotel Supply and \$17 from Edward Don Co.—based on competitive bids.

Other bids awarded were: Cafeteria paper goods, Switzer's Wholesale Supplies \$363, J. F. Conrad Grocer, \$75; Fertilizer for Fraxther and GCCHS football fields, V-C Chemical Co., \$87; Lumber for vocational classes, Steele & Hubbard Lumber Co., \$936. Two student recovery couches and pillows for GCCHS School Health Supply Co., \$131.

The board decided to hold Melio Sea Food Co. to its August bid of 14¢ cents a pound for providing frozen French fried potatoes. Frost in Idaho has limited the potato crop, boosting prices, and the supplier said it is having to pay 18¢ cents a pound. With withdrawals received from two of six current bidders, Allen Foods and Independent Frozen Foods, the board purchased 300 cases of instant potato granules from Kraft Foods, Inc. for \$2847 Monday night.

Sell Used Appliances

Highest bids were accepted on sale of an electric clothes dryer and gas water heater, \$25 offered by Mrs. Earl Hagan, Venice, and another clothes dryer, \$31.00 offered by W. L. Adams. The used equipment is no longer needed by the school district.

It was decided to replace a deteriorated boiler in a steam cooker at the Coolidge cafeteria at an estimated expenditure of \$130 in school lunch funds.

Jehovich's Witnesses were authorized to use the GCCHS cafeteria and auditorium on the weekend of April 24 for payment of \$572 in custodial and cafeteria payments with the usual church rental waiver granted. Rent exclusive of custodial and cafeteria payments would have amounted to an additional \$425.

Cancel Next Meeting

The Dec. 23 board meeting was canceled. Next regular meeting will be Jan. 11. Board members attended a Christmas dinner served by the GCCHS home economics staff Tuesday evening.

Permission was given for a Roca club basketball game to aid the March of Dimes fund drive Jan. 8 at the Coolidge gymnasium.

The school Latin club thanked the board for sending 53 GCCHS students and 12 Fraxther pupils to a yearly Junior Classical League convention at Taylorville this fall.

County Zoning Role in Guarding Land Values

Current discussions of Madison county zoning revision have focused attention on the general subject of zoning, including what it was devised and what it is accomplishing.

Following is a general explanation of zoning.

Zoning, or land use planning and control, is another mechanism through which man seeks to further control his environment by restraint upon the encroachment of undesirable elements into his immediate sphere.

Today, some 200 counties throughout the United States have adopted some form of zoning. Thirteen of these are in Illinois.

Competition for fringe area land, surrounding most urban communities, has increased since the end of world war II. Many aspects of social and economic activity have greatly expanded over a period from May 11 to Oct. 26, 1964, and drafting a number of the instruments involved.

As people, commerce and industry press to acquire more and more land to meet their growing needs, large tracts of readily-available real estate must be altered to fit these new uses. Usually, most areas have shown no evidence of intelligent planning without zoning.

Problems Without Zoning

The results, where there is no zoning, have often been extremely unsatisfactory. Examples are speculative mixed land uses, often relating to depreciated land values, inadequacy of standards, causing the pollution of lakes and streams; heavy smoke and soot concentration downwind, resulting in undesirable real estate holdings; and loss of irreplaceable, highly productive open farm land located within close proximity to urban markets.

Simple adoption of a zoning ordinance in and of itself does not correct these conditions. Many complaints have arisen where poor administrative practices have all but canceled out potentially good ordinance.

The law is only as effective as those persons enforcing it choose to make it. The entire process must be firmly rooted in conformity with due process procedures. It must be sound from inspection to record-keeping from enforcement to its appeal vehicle.

Problems as they arise may generally be solved if the enforcement officers use common sense, and the national authorities in the field believe.

Reason for Complaints

Most persons complaining that zoning is undesirable are those who would use property for their own selfish ends and to the detriment of others.

All too frequently, large realty investments have been depreciated because of undesirable land use patterns. Choice developmental sites have been allowed to evolve in a haphazard fashion with no consideration for meaningful present or future planning procedures.

As an example, to the east of the Quad-Cities, Southwest Illinois University is to create a \$25,000,000 educational facility on 1800 acres. If developed as presently planned, it should become a physically desirable edifice, not only to those located within the immediate environs but to all citizens, present and future, of the state.

SWIU Needs Zoning

Visitors will come from all over the nation as well as many exchange students from all sectors of the world to this place of learning. The investment will be not only of a physical character but a spiritual one as well. It is certainly in the best interest of the university to protect a major holding from undesirable elements which may threaten at its periphery.

Problems in land utilization are important and must be recognized by all the people. Growth factors are seldom contained within fixed limits.

Autos Collide

Involved in a collision Tuesday evening on Nameoki road near Lindell blvd., were autos driven by Milton Kuzma of 2638 Adams street, who was going north, and Doris Greve, 4117 Maryville road, who was traveling east and leaving the Kroger market parking lot.

They are Robert Dolan and Pamela Irwin, both seventh graders; Pat Schullinger, eighth grader; and Ronald Laws, ninth grader.

Making five A's and a B were Debbie Seibold and Patricia McKay, seventh graders; Cheryl Wilson, eighth grader; and Carolyn Ellis, Paul Hoffman, Joyce Shepard and Helen Velfoff, ninth graders.

SWIU Winter Term To Open Jan. 4; Plan 400 Courses

More than 400 college credit courses will be offered in the three teaching centers of Southwestern Illinois University's campus during the winter quarter, with classes scheduled from 8 a.m. and continuing until after 10 p.m.

The winter term opens Jan. 4, with classes starting the following day.

Whether in the artistic or scientific fields, whether theory or practical knowledge, the lineup of courses to be taught by SWIU at Alton and East St. Louis presents a wide choice in both daytime and evening hours. An additional 40 or more classes will meet at night at the Edwardsville junior high school.

In the education division, for example, lower level courses will be offered during the day for students working on degrees, and advanced courses are scheduled for 4:20 p.m. and later so that elementary and high school teachers may enroll.

Many business courses are available with two or more sections a day, including one in the evening for those employed in the business field. Multiple sections have also been set up in such areas as history, languages, art, literature and philosophy to provide night instruction for persons seeking to broaden their general educational background. A sampling of the more than 400 courses slated includes the following:

Harold G. Cutright, visiting professor and former director of General Electric's management institute and owner of a management consulting firm, will conduct an evening course in investments at Alton.

"Criminology, Delinquency" Elliott R. Raftery, sociologist and author, will teach criminology in a day class at East St. Louis, and Martin J. Dosick of SWIU's delinquency study project will teach a night course at Edwardsville junior high school on juvenile delinquency.

Flora Wern, internationally known soprano, will be an artist-in-residence, teaching advanced voice students.

Glenn A. Varner of the IBM educational center, St. Louis, will teach a night course in principles of programming for electronic computers at Alton.

Evening courses in the science and technology field include college physics, elementary calculus and analytic geometry, mechanics and animal taxonomy. In the social sciences, there are courses in urban sociology, child psychology, advanced economic geography, American government and others.

In addition to 14-hour class days during the week, there also will be SWIU courses on Saturday for school teachers and administrators.

Four A's and two B's, Thomas Ford, Russell Gray, Lynla Lear, Sherman Smith, Kathy Soehlig and John Winfield seventh graders, and Donna Ferro, Sharon Joyce, Robin Teague and Kathy Willis, ninth graders.

Three A's and two B's, Debra Kinlen, Kimberly Scheff and Gary Winters, seventh graders; Sandra Joyce, Denise Madrid, Donna Mohorn, Pamela Storms and Karen Townsend, eighth graders; and Tana Stamp, ninth grader.

Three A's and three B's, Patrick Fuller and Melody Pasley, seventh graders; Susan Abbott, Roger Beisler, Gary Cooper and Nancy Thompson, eighth graders; and Rita Keston, Debbie Larner and Diane Ward, ninth graders.

Two A's and three B's, Linda Brown and Pat Ebling, Ronald Keeton, Sandra Lane, Debbie Peterson and Judy Prevett, seventh graders; Sheila Davis, eighth grader; and Diana Busnell, ninth grader.

Two A's and four B's, Donna Keuhoff, seventh grader; Becky Bailey, Susan Martin, Eugene Richardson and Roy Winslow, eighth graders; and David Watson, ninth grader.

One A and four B's, Kathy Carney, Ruth Galle, Christy Bulph, Patrick Spies and Rebecca Thompson, seventh graders; and Jeff Edwards, ninth grader.

One A and five B's, Judy Riggs and Judy Benio, Judy Edwards and Geraldine Hicks, ninth graders; and all B's, Bobby Canada and Peggy Penrod, seventh graders, and Lee Mitchell, ninth grader.

Known soprano, will be an artist-in-residence, teaching advanced voice students.

Glenn A. Varner of the IBM educational center, St. Louis, will teach a night course in principles of programming for electronic computers at Alton.

Evening courses in the science and technology field include college physics, elementary calculus and analytic geometry, mechanics and animal taxonomy. In the social sciences, there are courses in urban sociology, child psychology, advanced economic geography, American government and others.

In addition to 14-hour class days during the week, there also will be SWIU courses on Saturday for school teachers and administrators.

No Homework for Xmas! The Reason? The Season

By JAMES HICKMAN

'Twas the week before Christmas and all round the town, Not a kid could be seen wearing a frown.

Students were speaking to teachers with care.

Hope that assignments would remain bare.

With collared buttoned and shirt-tails tucked in.

The boys kept teacher wearing a grin.

Out in the halls there arose no clatter.

Lest a monitor ask "What's the matter?"

Oh, what our eyes did reveal:

The halls were running on a smooth, even level.

With movements so quick

For they were watched by old St. Nick.

More rapid than thimbles the classes were filled.

There were no excuses about books being spilled.

They opened their books when they were told.

Surprising those who had taught from old.

So up to the blackboards the teachers did walk.

While the students were willing to listen to talk.

Then in a flash I knew the reason:

No homework was wanted for the Christmas season.

As I drew in my head and was turning around.

Who should raise a hand but the class clown.

Dressed in a suit—no sweatshirt today.

He rose from his seat and began to say

"We want to know what we can do

To make the day more pleasant for you?"

His idea—how they started.

His idea—abundant!

To want to help a teacher who taught about verbs.

My English class was ready to go.

Then homework was neat and arranged just so.

When remarks about poetry were made.

They sounded as nice as the Lady's Aid.

I gave them no homework. The reason?

Well, it is the Christmas season.

Home Ec Students Hold Style Show, Buffet at Granite

A colorful array of fall and winter fashions and festive buffet dinner helped further the spirit of Christmas at Granite City high school Tuesday evening.

The home economics department presented a style show and dinner for the board of education, school administrators and their wives.

The style show included sweaters, a selection of needlework on smoked aprons, dressed aprons, guest towels, cross-stitched aprons, place mats, children's dresses, a collection of handkerchiefs and dollies, fancy machine stitched articles as aprons, pillow case sets, place mats and monogrammed bath towels.

Student models showed a selection of fall, winter and spring ensembles of coats and dresses and extravagant evening wear.

The models were Brenda Kari, Pat Ann Jones, Linda Taylor, Marilyn Weckman, Maybell Lee, Sandy Pence, Pat Hoffman, Nelda Lancaster, Mary Todoroff, Linda Stawar, Judy Barger, Sharon Vasquez, Donna Miskell, Madeline Pottier, Brenda Foreman and Karen Schieb.

Appetizers were served before the show in Room 212 where student work was on display. The table was covered with a long blue cloth, sparkled with snowflakes and a snowman and decorated with gold and green and green and gold ornaments. Christmas balls decorated with beads, glitter and stars substituted for name cards.

SCOUTING AWARD winners at Nameoki Presbyterian Church

Two God and Country awards were presented during services Sunday at Nameoki Presbyterian Church by Rev. Ernest O. Norquist, interim minister.

One went to Robert Doroghazi, 13, an honor student at Coolidge junior high school. A member of the Coolidge band and basketball and track teams, he is an Eagle scout and attended the National Jamboree at Valley Forge Pa. this summer. He likes to swim, bowl and shoot.

Doroghazi is a member of the National Rifle Association and holds a trophy for high score in after-school bowling. He is the son of Mr. and Mrs. John Doroghazi, 4027 Stearns avenue, and is a member of Troop 96, sponsored by Maryville school PTA.

Alan Nicol, 16, a junior at Granite City high school, son of Mr. and Mrs. Irvin O. Nicol, 3703 Franklin avenue, accepted the other award. He is a member of Explorer Post 12, sponsored by Niedringhaus school PTA, and is vice-president and parliamentary officer of the post, having just completed serving as Explorer Cabinet representative.

Having completed requirements for Eagle scout, he will go before a Board of Review in Edwardsville tonight. He is a junior assistant scoutmaster of Troop 22, sponsored by Frohardt PTA.

Nicol is a member of the high school band, in which he lettered last year. He is treasurer of the Nameoki Presbyterian Youth Fellowship and attended Monmouth College for a leadership training course this summer on a scholarship from Nameoki Presbyterian Church, of which he is a member. He has just served on the Populit Committee. His favorite sports are swimming, boating and tennis.

That was the year they put the balance wheel into the watch and started watches ticking. Now the tick tick is obsolete. After 300 years, it's been replaced by the tiny Accutron tuning fork which keeps time through vibrations. The result: a very faint hum and the most precise wrist timepiece ever. Accutron guarantees average daily accuracy within 2 seconds. We'd say this is the perfect gift of time.

Explorer Post Hears Of Job Opportunities

By PETE MAER
Explorer Post 12, sponsored by the Niedringhaus school PTA, has been on the move recently.

The post has been listening to speakers that have vast knowledge of future jobs and opportunities for the boys. A representative from the naval recruiting offices has shown the Explorers a film about the NROTC program.

The Explorers have toured facilities of Granite City Steel Co., with James Parmley, who served as guide, explaining the various phases of steel production to the post members.

The post also learned a great deal about law. They saw their city government in action when they visited a city council meeting.

A special agent of the FBI visited last week's meeting of the post and spoke to the boys on law enforcement. He also told of the experiences of FBI agents. A film entitled "The FBI" was shown. An informal discussion session followed each speaker's presentation.

\$20,000 Dram Shop Suit Filed Against 4 Taverns

A \$20,000 dram shop suit has been filed against four Collinsville road area taverns for Jo Ann E. Johnson, East St. Louis, administratrix of the estate of James Robert Johnson, who was killed by an auto early this year while he was walking on the highway in the path of the car at 9401 Collinsville road.

The defendants are Tommy Twest, doing business as the Red Hen tavern; Mildred Fleckinger, doing business as Tiny's Starlight Inn; Gertrude Johnson, doing business as the Red Mill tavern; and Gladys Strother, doing business as the Cracker Box. The complaint alleges that Johnson "served liquor in the four taverns and became intoxicated before the accident."

\$4958 Engineer Bill Payment Still Pending

Legality of a \$4958 bill submitted by David J. Johnston & Associates for engineering services rendered May 3 through Nov. 30, still remains unsettled pending an opinion from Granite City City Attorney George Filloff Jr.

The city council's Finance Committee of Paul Rutledge, chairman, and Charles W. Moerlein and J. D. Heyfield met Monday night at the city hall with Filloff, Comptroller John Doehner and Johnston and his associate, A. W. Pearson.

Filloff said he would have an opinion at a later date and Rutledge scheduled the committee to meet at 7 p.m. next Monday, prior to the 8 o'clock council session.

Payment of the \$4958 bill was held up last week when Moerlein questioned the legality, and the Finance Committee was called upon for a recommendation.

At Monday's committee meeting, the members requested the items included, but no details were available from Johnston or Pearson, Rutledge said.

Based on \$8500 "Johnston told us it was based on the \$8500-a-year public engineer office and that office wasn't created by the city until the adoption of an ordinance in September," Rutledge said, pointing out the bill is back-dated to May 1, the start of the city's new fiscal year. "Johnston agreed to abide by the city attorney's opinion," Rutledge said.

At last week's council session it was pointed out the ordinance specifies a licensed and registered engineer for the \$8500-a-year job, and Pearson, who is assigned to Granite City, has not

yet met those terms, Rutledge said. Johnston told the committee, the chairman continued, that \$8500 wasn't enough to hire a full-time registered engineer. He added that he has been visiting Granite City to work with Pearson on city projects.

The \$4958 bill is for seven months and 17 1/2 of the \$8500, it was noted.

"Office Never Filled Properly" Moerlein pointed out to the council that in addition to the bill being back-dated to May 1, without an itemized accounting, the office of public engineer has never been properly filled. "If this is carried out in a legal manner, I will not have any objections," Moerlein has said, adding that the city is in need of engineering services.

Johnston's firm was named by Mayor Davis during an adjournment meeting in October, but did not receive sufficient vote. The mayor or claims Johnston is the engineer through 30-day appointments made each month. None has been presented to the council in recent months.

Johnston's firm was the city's consulting engineer under a \$5000-a-year contract for a number of years, but that contract was turned down for 1964 by the council early this year.

The mayor proceeded with monthly appointments for several months then dropped the matter as the council refused to accept the appointments. Davis said that the appointments were valid through the monthly procedure even without council confirmation.

The committee also is to submit a recommendation to the council on investing the \$1244,920 received two weeks ago from

A United Fund Agency

Protestant Welfare Aids 45 Quad-Cities Families

Reports on assistance given in 45 cases last month were given at the meeting of Protestant Welfare Association, Inc., Tuesday evening in the Nameoki Methodist Church.

Lennie Crookwell, president, was in charge following the devotional service led by Rev. Elmer Pierce.

The reports of the secretary and treasurer were given by Mrs. Irma Taylor and Mrs. Mary Simon and the report of the office secretary was read by Mrs. Marie Whittle.

The agency handled 45 cases involving 141 persons during November. This included 21 new, nine recurrent and 15 incidental cases. Referrals were made by citizens, ministers, Granite City and Nameoki township relief offices and the Granite City police department. The food bill was \$385; medical, \$70; new shoes, clothing and merchandise \$64 and miscellaneous \$2, making a total of \$494 expended.

There were 19 orders of clothing and shoes from the store room, estimated at \$194. Received and given away were one rollaway bed and mattress; a kitchen table and chairs; a bed frame; buffet, refrigerator and a gas stove, making a total value of \$80. Fourteen families were supplied with Thanksgiving baskets given by some of the churches and civic organizations.

A report was made of the annual banquet and program given at Concordia Lutheran Church earlier in the month.

After the business meeting Roy Lynn gave the Christmas story and the meeting was dismissed by Rev. John Di Giacomo.

No man becomes a victim of circumstances unless he allows himself to be victimized.

Million-Dollar Monthly Building Boom in County

New construction in the unincorporated rural areas of Madison county topped the million-dollar mark for the ninth straight month during November.

Statistics on new construction were released this week at \$1,227,000, up \$122,300 from the November report shown.

Edwardsville by Jack R. Clifford, new building official for the county.

Permits last month totaled 94 or eight more than the 86 of a year ago, and the new construction valuation was placed at total of 1032.

The number of permits totals cost \$40,000 and two commercial buildings valued at \$10,500.

74 permits were for homes valued at \$1,153,800. 17 were for loon started in March, and the garages and additions worth \$11-month total is \$12,803,300. \$22,760; a duplex building to the intersection of Market and Selb streets in Venice flooded the intersection with more than a foot of water Tuesday afternoon. The intersection remained flooded until the main could be shut off and repairs made late Tuesday.

The accident happened at 3:30 p.m. when a Bi-State Transit Co. bus driven by Frank P. McGeehan, 33, of 622 Lincoln avenue, Venice, made a right turn from Selb street into Market. McGeehan told Venice police that the back end of the bus failed to clear the corner and broke off the fire plug.

Fire Plug Broken By Bus; Street Flooded

A bus that made too sharp a turn and broke off a water plug at the intersection of Market and Selb streets in Venice flooded the intersection with more than a foot of water Tuesday afternoon. The intersection remained flooded until the main could be shut off and repairs made late Tuesday.

The accident happened at 3:30 p.m. when a Bi-State Transit Co. bus driven by Frank P. McGeehan, 33, of 622 Lincoln avenue, Venice, made a right turn from Selb street into Market. McGeehan told Venice police that the back end of the bus failed to clear the corner and broke off the fire plug.

Collision in Venice

Two autos were damaged in Venice at 10 a.m. Tuesday when a car driven by Carrie Woodson Lovejoy, collided with a car owned by Tommy Murray of the Venice Gas & Oil Parking lot. Police reported Murray's car was stopped and was struck by the Woodson car as it was backing up. Murray's car was damaged on the left side and door, and the rear bumper on the Woodson car was damaged.

False Fire Alarm

Fire trucks and police cars were dispatched to the 2900 block of Washington avenue about 10:25 p.m. Tuesday on a false alarm at a residence.

TIMBER PRICE UP

The current timber price report shows an increase in demand for timber this year, over that of a year ago. Prices this past summer were steady or as much as \$5 a thousand board feet higher than last year, reports W. F. Bulkley, University of Illinois extension forester. One exception was veneer quality walnut, for which prices jumped sharply.

Prices of native timber don't generally change radically within short periods. Price reporting for timber, unlike that for other commodities, is on a six-month basis. Price reports give the seller some idea of what timber is worth.

Trees vary greatly in quality, Bulkley points out, and quality affects price. For any tract or group of trees, the price depends on accessibility, site and type of land, distance to market, size, quality, species and concentration of the trees and the quality of soil.

Price reports give the ranges in prices during the preceding six months for standing timber (stumpage) and for logs delivered to the mill. The report also includes special timber products, such as face veneer for furniture and paneling, container veneer, baskets and boxes, pulpwood and bolts (logs less than five feet long) for barrels.

Copies of the report are available at the farm adviser's office. Much of the tree cutting in Madison county timber is done during the winter. There are several sawmills in the county that produce a considerable amount of lumber.

CHEMICALS RESPONSIBLE FOR FOOD ABUNDANCE

The variety and abundance of food on American tables during the holiday season is a blessing enjoyed by all of us. Would this bounty exist without pesticides?

U. S. consumers today enjoy the highest quality, greatest variety, most abundant and cheapest supply of food in the history of the world.

From the standpoint of convenience, housewives today have available 8000 different food items, compared to only 1500 a few years ago.

Without pesticides, it would be impossible for American families to enjoy these plentiful foods at a cost of only 18% of their disposable income. The small portion of our population—eight percent—that produces this abundance could not do the job without chemical servants. Department of Agriculture officials estimate that, if it were not for the use of insecticides, other pesticides and fertilizers, the cost of an inferior food supply would double in five years.

The safety of our food supply is also at its highest level. Strict regulations regarding contamination protect consumers. While some emotional statements have been issued regarding pesticide residues on food, there is not one known case of a serious illness or death traceable to residues of pesticides on food when they are properly applied.

Dr. Byron Shaw, director of the U. S. Agricultural Research Service, has stated that there have been no known cases of human or animal injury from pesticides where properly handled or applied. Dr. Frederick J. Stone of Harvard University says there is no evidence that ill health in man, except for those who may have a true allergy to DDT, has ever been caused from DDT residue on food.

IRS Plans Faster Processing Of Businesses' Tax Forms

Although Public Law 87-307 has been on the statute books since October 1961, the law assumes added importance for mid-western taxpayers this year because the Internal Revenue Service recently announced that business returns will be processed beginning Jan. 1, under automatic data processing, PL. 87-307

provides for the use of taxpayer identification numbers in order to facilitate the Revenue Service's conversion of its processing and records system to modern high-speed electronic data processing equipment.

Under the new system, it will be more important than ever that each taxpayer's account and related documents be accurately identified. Since many names are alike or many be misspelled on documents from other sources, identification numbers will be used as permanent tax account numbers so that the combination of names and numbers will minimize errors.

A high percentage of taxpayers already have Social Security numbers and these same numbers are used for tax purposes. Similarly, nearly every business has an "employer identification number" which it uses on social security and income tax withholding returns. These numbers will be used for identifying all business returns.

Adherence to use of official forms will also become increasingly important as the Internal Revenue Service moves into its automatic data processing program. Because data must be transcribed from filed returns into the ADF system, much of the success of its operation depends upon consistent form and sequence in the taxpayer's entries on his return.

In order to minimize errors in identification, all income tax forms, as well as forms for other types of tax, will be pre-addressed. It will be of increased importance that these pre-addressed forms be used by the taxpayer.

Two Drivers Sued Over Madison Auto Accident
Two QuadCityans are being sued for \$12,000 each in Madison county circuit court at Edwardsville as the result of an auto accident on June 10, 1963, at Third street and Madison road, Madison.

They are Larry G. Ayth of Madison and Jerry R. Ritchie of Granite City. The complainants are Rose and James L. Harvell, each asking \$60,000 from each of the two defendants for alleged severe and permanent injuries. The complaint states that the Harvell car was headed west on Third street with the green light when it was struck by autos driven by Weig and Ritchie, both northbound on Madison.

Last Rites This Week For Mrs. Cathryn Hetrick
Funeral services were held this week for Mrs. Cathryn L. Hetrick, 67, of Roxana, who died Friday at St. Joseph's Hospital in Alton. She was a sister of Mrs. Bertha Converse of Granite City.

The services were held at Waverly, Ill., and burial took place in Oak Hill Cemetery, Palmyra.

New Hospital Unit Nearing Completion

The new 120-bed medical-surgical building at the Alton State Hospital is now more than three-quarters complete, according to Dr. Abraham Simon, superintendent.

The \$2.5 million structure is being built by the S. M. Wilson Construction Co., Granite City. It is being financed by a \$150 million bond issue passed by voters in 1960 and funds authorized by the state legislature.

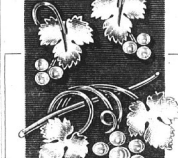

A. K. Smith, assistant superintendent, compared the medical-surgical building to a general hospital in the community. "It will provide diagnostic and treatment services for those of our 2000 patients who become physically ill," he said. "Right now these people are being cared for in the acute hospital, which is vastly inadequate for the number of cases we have."

Patient quarters are designed around eight-bed modules, consisting of two four-bed rooms with toilet and bath facilities between them. The surgical suite is on the second floor with two operating rooms, storage space, work areas and a recovery room.

Hospital supportive services are on the first floor along with administrative offices, a kitchen and dining area for 60 employees, locker rooms and two retiring rooms for nurses.

Various other hospital facilities are included in the three-story building which includes 72,000 square feet. It will be completely air-conditioned.

SOIL EROSION CONTROL

Several Madison county farmers have recently completed improvements to help control soil erosion on their farms. Some examples:

A new pond on the farm of Herman Eberhart in Moro township covers four acres, controls a large gully and furnishes a good water supply.

An earth fill containing 12,130 cubic yards of dirt built by Melvin Joyce, Moro township, will form a pond of nine acres and control the erosion and water run-off on about 100 acres.

Norman Gussowille of Ophir township is controlling a

gully and field erosion with grass waterways, a structure and an earth fill. The pond provides a dependable water supply. New grass waterways on the land owned by Virgil Klutner in Ft. Russell township hold the soil from washing.

Cliff Henke, Ft. Russell township, built a concrete block structure with a grass waterway above to control erosion.

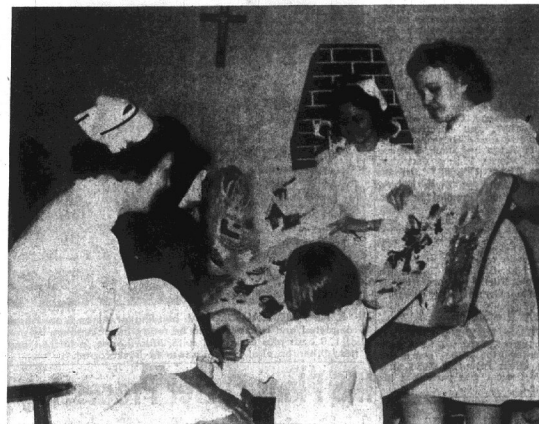

These improvements were planned and constructed in co-operation with the Soil Conservation Service. Farmers and landowners with erosion problems are invited to use the assistance of the Soil Conservation Service in saving their soil.

Experience teaches a man that the only way to follow the facts is to keep ahead of them.

Burglars Keep Busy During Holiday Season

Christmas, New Years and holidays are times when many burglars in general are active. People take vacations during the one-week period between Christmas and New Years and don't take precautions.

"Each year there are more home burglaries during Christmas and New Years than at any other time—most of them caused by neglect by some member of the family," police said. A primary reason for the increase is that many of them are

valuable."

Precautions Recommended: Police departments are recommending the following:

1. Lock the house securely. Keep all doors and windows locked, including garage doors.

2. Leave the blinds open with a light burning in the house in another room other than the front room.

3. Eliminate any reasons that might disclose your absence. Cancel all deliveries, such as milk and the paper, because thieves many times will notice a house with such items and mark them for burglary.

4. Fires also result when persons leave home during the holiday and forget to disconnect the Christmas tree.

The police also warned that thieves also search for autos with seats piled high with Christmas shopping. They suggest putting the gifts in the auto trunk and keeping the auto locked when parked.

Loses Drivers License

Arthur Knapp, 2717 Marshall avenue, reported to police Tuesday evening that he had lost his driver's license.

Accident Prevention Tips Given by Police

"Don't go shopping for an accident even though they can be bad at holiday rates," police chiefs of the Quad-Cities warned today as they pointed out the special hazards of winter driving and walking. They warned that the Quad-Cities traffic crash count goes up every December.

"With the Christmas shopping season building towards its annual climax, informal traffic counts show an impressive increase in motor vehicle and pedestrian traffic. This means that in order to prevent accidents and exasperating traffic tie-ups, both pedestrians and drivers are expected to exercise reasonable patience and courtesy, and keep up on their knowledge of special winter traffic hazards."

Both drivers and pedestrians can expect the following conditions, the chiefs warned: reduced traction on roadways and crosswalks due to the presence of frost, ice or snow; and reduced visibility, caused by early darkness, falling snow, sleet or freezing rain.

All the local police chiefs reported that the Governor's Official Traffic Safety Coordinating Committee had forwarded the recommendations of the National Safety Council's Committee on Winter Driving Hazards, endorsed by the International Association of Chiefs of Police, listing the best known means of overcoming these hazards, whenever they occur, without unnecessary fuss or fear.

The recommendations are as follows:

1. Get the "feet" of the road. This is essential because there is a great variety of winter pavement conditions. Sometimes, especially after dark, a road which appears to be bare may actually be coated with a thin but treacherous layer of frost. Even when roads are plainly ice or snow-covered, slipperiness can change with temperature and traffic conditions. Road surfaces may be "felt" by carefully trying the brakes, or by accelerating to see if tires grab the roadway, before getting into heavy traffic.

2. Follow a safe distance. The usual rule-of-thumb recommends a following distance of one car-length for each ten miles per hour of speed. On icy roads this must be increased appreciably because of the longer braking distance then in effect.

3. Pump brakes. Jamming on the brakes can lock the wheels, producing a skid. Expert drivers at the winter skid tests of the Committee on Winter Driving Hazards have proved that a rapid pumping application of brakes maintains steering control and helps prevent skids.

4. Have good tires. This means tires with plenty of tread, properly inflated. The old notion about letting some air out of a tire to improve its traction on snow or ice is not only discredited, it's dangerous—because this creates instability. Snow tires are helpful in certain winter conditions—particularly in loosely packed snow.

5. Carry tire chains for severe driving conditions. At this time of year, when drivers can make it clear a shopping trip began in pleasant weather, they intend to do a pre-winter weather can bog down in winter accidents and promote hazardous snow or severe icing conditions before it's over. This is Christmas, but from now until when reinforced tire chains are Easter, the chiefs reasoned.

Tips to Keep Your Christmas Free From Disastrous Blazes

Fire chiefs at the five Quad-City firefighting departments are joining the National Board of Fire Underwriters in urging Christmas season celebrants to use extra caution to prevent disastrous fires.

Last year, 35 persons lost their lives during the 24-hour period of a mid-week Christmas observance. The danger is greater this year because most persons will have a three-day Christmas holiday since Dec. 25 falls on Friday. In 1962, the fire toll was 107 during a similar three-day holiday period.

Last New Year, 20 persons died in fire over a 24-hour period and in 1962 there were 84 fatalities in a three-day New Year's holiday.

In event of fire, the fire chiefs say every home should have an escape plan with all members of the household and babysitters as part of the Christmas display, the tracks should be located away from the tree. Toy sparks and sparks in the wrong place can be a source of fire.

Christmas tree lights should be turned off at bed time and when you are away from home.

Check the tree at frequent intervals for dryness. Check tree needles near lights, too. If the needles near a light have become dry and brittle change the position of the light. When the tree dries out and the needles start falling, it should be taken down.

Metal trees should never be decorated with Christmas lights, because of the danger of electric shock or a short circuit. Use off-the-tree lighting to give a safe and attractive illumination.

When Christmas gifts are opened, always pick up gift wrappings immediately. If you are planning to save some of the wrappings they should be folded and put away. Other paper, unwrapped boxes, ribbon and cord should be picked up and disposed of promptly.

When you take your tree down, discard it outside, and continue to treat it as a fire hazard until removed.

Merry Christmas!

Appointment of a Granite City registered nurse as county chairwoman for next month's Mothers' March for the March of Dimes campaign and an appeal for voluntary participation was made today by Mrs. Nina Higley, 2016 Amos avenue, county drive chairman.

"The Mothers' March chairwoman for the county will be Mrs. Betty Walls, 2825 Saratoga avenue. The exact date for the house-to-house canvass in the Quad-Cities and throughout the county will be announced at a later date.

Mrs. Walls said hundreds of mothers will be needed throughout the county to visit homes and seek contributions for the fight against birth defects.

"They will leave secure envelopes for persons who are not at home when they call so that everyone will have an opportunity to contribute," Mrs. Walls added.

"Our marching mothers will have a true personal stake in this campaign against birth defects," Mrs. Walls continued. "We must realize the tragedy that birth defects can bring into a home."

"Anyone wanting to join the march may contact me or Mrs. Higley," the chairman said.

The March of Dimes, through its scientific research program, has begun to make strides toward the goal of preventing many of the chronic abnormalities such as occur in mongolism and the nature of certain inherited metabolic disorders which cause brain damage and mental retardation.

Wives Entertained by Rotary at Xmas Party

The annual Christmas party of the Granite City Rotary Club was held Tuesday noon at the Y.M.C.A. with wives of the members as special guests. The dining room was decorated in the holiday theme and there were Christmas decorations everywhere.

Highlight of the party was the traditional appearance of the Granite City high school chorus, under the direction of Warren Simpson, which rendered a number of Christmas selections.

The 70 students received a stirring ovation in tribute to their excellent performance and direction. As the youngsters filed out the room, they thrilled the Rotarians with "Silent Night," the last words echoing softly behind them.

The annual Christmas party also serves to honor past presidents of Rotary, and many were there with their wives at special tables. Also present was Ben D. Kinghorn of Springfield, district Rotary governor, who spoke briefly.

Following a custom established years ago, the Rotarians brought gifts of food to the meeting for distribution by the Salvation Army to needy families. President Glenn Alexander also announced that Rotarians will man Salvation Army Christmas fund "kettles" at five locations from 5 to 8 p.m. Friday. The team will be at the Granite City Trust and Savings Bank, Kroger grocery store, Tri-City grocery store at Belmore shopping center, First Granite City National Bank, and the W. T. Grant store.

Christmas Holiday Starts Next Week

Annual Christmas vacations for Quad-City school children will begin Tuesday afternoon for those attending schools in Granite City and Wednesday afternoon for those at Madison and Venice.

The holidays will extend until Jan. 4 which will be the first day of school of the new year. Schedules for college students vary, with some beginning their holidays this weekend.

Upon returning students will be preparing to complete the first semester of the school year, set for Jan. 22 in Granite City schools and Jan. 15 in Madison and Venice. No classes are scheduled for Jan. 21 in Granite City as teachers will be preparing their records.

The next holiday observance will be Feb. 12, Lincoln's birthday.

NIGHT LIGHT PRODUCT manufactured by Delightco, Junior Achievement firm at the Granite City center, is displayed by Tom Shane (left), president, during a business meeting. Other officers of the firm are, left to right — Brad Dodd, vice-president, manufacturing; Joann Nester, Paula Pasek, personnel director; and Donna Davison. The lights sell for \$4.

4 Masque & Gavel Initiates at GCHS Given Onion Ordeal

An ordeal by onion juice was the trial of this year's four Masque & Gavel initiates at Granite City high school: Bernard Helman, Susan Fogle, Connie Dean and Gene Bryant.

After being dragged from bed by the organization's howling crew, they were dressed in the most unmatched, ridiculous clothes available, painted with lipstick and eyebrow pencil and greeted by a breakfast of onion juice and toast.

Upon arriving at school, Masque & Gavel members led the initiates in a madcap procession through the halls to sing songs and display their finery. Included in their apparel were

blue ear muffs, a sailor's cap, a cow horn, a swimming mask, red slippers and brown leather boots. All noted the scent of onion juice lavishly applied to their decorat-

ed faces.

Membership requirements include two semesters of speech, a 3.7 minimum scholastic average, recommendations by teachers and a two-thirds vote of the members.

Elsewhere in the speech department, the debate teams are preparing to meet the Bellarmine club of St. Louis University high school on Saturday.

On the team are Helman, Bill Henley, Jim Wittevrang and Jerry Walters.

Completes Basic Training

Seaman Recruit Andrew Balsai, USSN, son of Mr. and Mrs. Steve Balsai, 1618 Maple street, recently completed a nine-week basic training course at the U.S. Naval Training Center, San Diego, Calif.

YMCA TEENAGERS gift wrap toys which they collected and sorted for distribution to 100 underprivileged children in the Quad-Cities area at a Christmas party to be held at 2 p.m. Saturday at the "Y" through the cooperation of the Salvation Army.

Teen-Age Republican Club Elects Officers

The Teen-Age Republican Club elected officers for 1965 at a meeting Monday evening in the home of Mrs. Bruce Wortman, the sponsor.

The staff includes Kendall Danner, president; James Walker, vice-president; David Koenig, secretary; and Danny Monken, treasurer.

The second Monday of each month was designated as dates of the meetings to be held in the Wortman home, and plans were made for a Valentine party. The group also hopes to arrange a visit to the state legislature some time this spring.

Kirk Danner and David Koenig were presented with TAR pins and Tim Noud, led a question and answer program on the topic "Where Do We Go From Here?"

Some of the questions concerned the coming local elections.

The Granite City Republican Women's Club is the parent organization and supplies pins to the new members. The purpose of the club is to provide an opportunity for youth to find political education and expressions in the GOP. Anyone 13 to 18 years of age is eligible for membership.

Christmas Party For Needy Children To Be Held at 'Y'

The YMCA and Salvation Army will co-sponsor a Christmas party for underprivileged children at 2 p.m. Saturday in the "Y" auditorium.

About 100 children from five through eight years old are expected. The invitations were prepared from a list of less fortunate children provided by Captain Mildred Walker of the Salvation Army, and the children who will be eligible to attend are being notified individually.

Assisting in the effort are members of the "Y" Teen Town, directed by Brian Bronsman, through the Hi-Y and Tri-Hi-Y clubs which aided in the collection, sorting and preparation of toys to be distributed to the children.

Dave Walker, youth department director, is planning and coordinating the party. Activities will include group games, a Christmas film, refreshments and a visit by Santa Claus who will distribute toys. Jim Rice, a Granite City high school student, event.

Aliens To Report Addresses Next Month

Aliens in the Quad-City area and throughout the United States will be required to report their addresses to the Immigration and Naturalization Service through local post offices within a 30-day period which begins Jan. 1.

Registration forms are now available at the post offices but will not be distributed until the first of the year. Failure to comply with the registration requirement could result in fines, imprisonment and deportation, Immigration authorities warn.

If an alien is temporarily absent from the United States during January, he is to report his address within 10 days after his return.

Last January, more than 500 aliens registered in the Quad-Cities.

Most folks don't need to be smart to say things that do. Mother expresses a wish and it's father who pays the charges. is lending his talents in the role of Santa. Walker hoped the provide toys. Jim Rice, a Granite City high school student, event.

Peak Still Expected

Mail NOW!—Local Postmasters Urge

Quadr-city postal employees already nearly crushed under an increased load of holiday packages and greeting cards, are expecting the peak to be hit this weekend—Friday and Saturday. The Granite City post office at 24th street and Madison avenue has longer hours for patrons—8 a.m. to 6 p.m. and will have weekend hours of 8:30 a.m. until 5 p.m. on Saturday and noon to 5 p.m. on Sunday. The Madison post office also will have hours on Saturday from 8:30 a.m. to 5 p.m. for

stamps and mailing only; and in Venice, the post office will remain open until 5 p.m. and will be open Sunday from 8:30 a.m. until 5 p.m. Post offices throughout the nation are reporting increases in mail. In Granite City, the outgoing mail cancellations this week hit 662,006, up 14.8% from the 570,870 for the same period last year. Outgoing parcels have increased in volume by 14.8% and incoming packages are up 19% totaling 940,831 compared to last year's 790,032 at this point. "It's too late to mail early, so please mail now," the local postmasters urged. They suggest

that late mailers use air mail and special delivery to guarantee pre-Christmas delivery for out-of-town mail. "In all instances, the use of ZIP codes will be helpful," they said, explaining that the codes generally mean that mail moves in a more direct route and is handled fewer times. Parcels with "ZIPped" addresses may be delivered 24 hours or more before others going to the same destination which do not include the five-digit code. The postmasters announced that all postal operations will be on a holiday schedule Christmas Day. Only special delivery mail will be delivered on Dec. 25.

Park District Classes

Registration Now Open For Pre-School Classes

Registrations are being accepted for the second semester in a pre-school program to start Jan. 4, at the Granite City park district community center, 828 Niedringhaus avenue. The pre-school program, those who have not previously participated will be given preference in the new class if they register immediately. Brown said. Participation is limited to about 40. Games, songs and handicrafts are planned for the youngsters under the supervision of John Birdsong, recreational director and Miss Cheryl Oranohod.

Classes will be held from 1 to 3 p.m. on a two session per week basis. Youngsters may attend on Mondays and Thursdays, or Tuesdays and Fridays. Parents may register their children by calling the park district office at TR 7-3039.

No charge is made for park district residents, with the exception of a dip-and-dry for milk. Park Supr. Harold Brown reports that 37 youngsters are enrolled in the current series of classes which began in September and end Dec. 22.

CANNED FOOD TO ADMIT
CUB SCOUTS TONIGHT
Cub Packs 41 and 141 will hold
a combined meeting at the
Mitchell school gymnasium, with
each Cub Scout to bring a can of
fruit or vegetables as his admis-
sion ticket.
The food collected will be
turned over to the Salvation
Army for distribution to needy
families. Proceeds from a recent
successful candy sale, sponsored
by the two packs, also will be
donated to the Salvation Army's
Tree of Lights Christmas fund,
pack leaders have announced.

Teen Dems Adopt New Constitution

The Granite City Teen Dems held a special meeting Tuesday evening for the purpose of ratifying the newly-written constitution, prepared by Scott Kolesa, vice-president, Marsha Galoway, secretary, and Maggie Hutchings, acting secretary.

The constitution was modeled after the U. S. constitution, the Illinois Constitution, the Parliamentary Rules of Great Britain, the Brazilian Constitution and the Constitution of the Union of South Africa.

Christmas projects were discussed by Elaine Rath, club president, and future activities were planned.

The group is conducting a drive for the John F. Kennedy Memorial Library. It is to be continued indefinitely.

Edmund Barsley, 89, Collinsville, Dies

Edmund C. Barsley, 89, Collinsville, died at 6:30 a.m. Wednesday in his home, following a long illness. Death was due to arteriosclerosis.

Mr. Barsley was an attorney and resided in Collinsville for many years and had been married for the past 27 years. He was born in Highland and had been a resident of Collinsville 85 years.

He was a member of the Old Fellows lodge in Collinsville and for the past 52 years was the member of the Granite City Knights of Pythias. He is survived by a daughter, Mrs. Edna Wallace, Collinsville, and several nieces and nephews.

Funeral arrangements are listed in today's obituary column.

Industries in Plea for New Gas Supply

Granite City Steel Co. and 13 other major industries on the east side of the river joined their plea for a rate increase. Washington Tuesday in an appeal to the Federal Power Commission to permit construction of a new natural gas pipeline by the Oklahoma-Illinois Gas Pipeline Co. of Tulsa.

They maintained through their attorney, Willard W. Gatchell, that construction of the proposed new Oklahoma-Illinois pipeline would be the only means of ending the "monopoly" of the Mississippi River Transit, a subsidiary of the Mississippi River Fuel Co., and provide sufficient gas supplies to prevent industrial "cut-backs" during winter months.

Four commission members heard all-day arguments from both sides as to whether or not Oklahoma-Illinois should be permitted to build the \$62,000,000 line from Oklahoma fields, during a review of a recommendation last September by FPC Examiner Martin E. Renselman that the new line be authorized.

Mississippi Transmission, supported by Laclede Gas Co., the city of St. Louis and the Missouri Public Service Commission contended that retail gas consumers in the metropolitan area would have to pay between \$600,000 and \$5,500,000 in higher rates if FPC approves the new pipeline because its construction would take away from its market 14 major industrial consumers on the Illinois side of the river. At the same time Mississippi Transmission revealed it is proposing lower rates that would mean a savings of about \$1,500,000 to these industries. This offer would drop rates to about the same as those being

accepted, the industries could not count on a certain supply of gas and Mississippi still would control the gas market.

George J. Mehlenger, speaking for Owens-Illinois Glass Co., pointed to the rate reduction of \$1,500,000 by Mississippi "as a pretty good indication of Mississippi's exorbitant pricing practices," which he said, have "depressed" the St. Louis area economy. He said his company wants a firm supply of gas so that it does not have to cut back production on days when homeowners are requiring greater supplies. He said the glass works had to curtail its eight furnaces for an average of 280 hours during winter months.

Oklahoma-Illinois is owned primarily by Shell Oil Co. and Standard Oil of Indiana.

Mrs. Frieda Luebbert Dies Here of Cancer

Mrs. Frieda Ann Luebbert, 58, of Adelleville, Ill., a former resident of Granite City for 38 years, died of cancer in St. Elizabeth Hospital at 2:30 a.m. Tuesday following a long illness. She had been a patient in the hospital for a month.

Mrs. Luebbert was a native of Adelleville, Ill. and moved to Granite City 40 years ago. She and her husband, Fred Luebbert, returned to Adelleville in April 1963, following his retirement from General Steel Industries. In addition to her husband, she is survived by a sister, Mrs. Lena Graham, 2813 East 27th street, Granite City; a brother, Harry Hagemeier of Nashville, and her mother, Mrs. Juliana Hagemeier, Adelleville.

Funeral arrangements are given in today's obituary column.
